MAKING A GLOVE

DIRECTIONS: Happy Tuesday, Wings fans! Today we're going to learn how a baseball glove is made! Watch the video and then answer the questions below. [WATCH VIDEO](#)

How long does it take to make a glove?

What material are gloves made out of?

Where is the Wilson glove factory located?

What is the very first step in the glove making process, before any leather is even cut?

What two things do the folks at Wilson look for in the leather?

What step in the process is the stitching of the glove?

What is the final step in the process?

How many total steps are in the glove-making process?
