**BASEBALL STATS**

**DIRECTIONS:** Stats are a big part of baseball. It seems there is a stat for everything! For each game, our PR Director puts together a 13-page packet full of statistics and notes about the team and each player for the media. Below is a small portion of one of those pages. It contains the Red Wings records in different months, situations, divisions, etc from last season. Use the stats in the left column to answer the following questions. For those curious, here is what a complete set of Game Notes looks like: [CLICK HERE!](#)
