

PAPER TUBE BATS

SUPPLIES

- Paper cardstock or construction paper in rainbow colors, black and white
- Empty paper tubes
- Glue
- Tape
- Scissors
- Googly eyes

DIRECTIONS

1. Cut a strip of colored construction paper to cover the width of your tube. Either glue, staple or tape to your paper tube.
2. Draw a bat wing, cut it out and use that as a template to make several more wings with your black paper (two wings per bat)
3. Glue your eyes to the paper tubes. Fold in the top and bottom of the tubes.
4. Glue or tape the wings to back of the tubes.
5. Cut tiny triangle out of white paper for the fangs. Glue to the bats.
