WRITING

DIRECTIONS: Today's task is simple, but important! Your assignment is to write a letter to healthcare professionals. Those who are working in our hospitals are making great sacrifices to make sure we are safe and healthy right now. We want to show them how appreciative we are of them. We will compile every letter that is submitted and make sure the local hospitals receive each one. The letters can be typed or handwritten. Parents, if the letter is handwritten just make sure you submit as high a resolution photo of the letter as you can.

As an example, here is the letter I wrote to our healthcare workers:

Dear Healthcare Workers -

Thank you so much for all that you do, especially during this difficult time. You are truly heroes in our community!

We appreciate all the sacrifices you are making to make sure our community is as safe and healthy as possible.

No matter how many "Thank You's" you receive, it will never be enough to express our true gratitude for what you do day in and day out for the great Red Wings fans of this city.

Mittsy and I can't wait to give you a big hug (or elbow bump) at a game this summer when all this is over.

You all are the BEST!!!

Love,

Spikes
