APRIL 1, 2020**

HOW A BASEBALL IS MADE

DIRECTIONS: Watch the video on how a baseball is made and then answer the following questions.

[CLICK HERE TO WATCH THE VIDEO](#)

How many stitches are on a baseball?

What two types of material make up the pill?

How big is the pill?

How many layers of yarn do they use around the pill?

What is the wound pill called?

What gives the baseball resilience, so that it maintains its shape despite being hit?

What material is the baseball cover made out of?

What is the machine called that they use to cut out the covers of the baseball?

About how long does it take to make a professional baseball?

BONUS: Since it's April Fools Day, tell me a joke!
