EARTH DAY

DIRECTIONS: It's April 22 which means it's Earth Day! Watch the following video on the history of Earth Day and then answer the following questions. [WATCH VIDEO](#)

What is Earth Day?

What do people do to celebrate this holiday?

When was the first Earth Day?

Who is known as the founder of Earth Day?

What event led to the creation of this holiday to raise awareness about protecting our planet?

What federal agency was formed because of the popularity of Earth Day?

Although not mentioned in the video, what are some ways that you can help protect our planet?
Bonus points if you actually do them!!
