GEOGRAPHY II

DIRECTIONS: This assignment is going to help us learn our states! On page 2, there is the Red Wings Opening Day roster from 2019. On the roster, you're going to be able to see where each player was born. Your task is to match the player to the state they were born on page 3. I have already done Austin Adams as an example. So get out your maps and get to work! P.S. -- I felt generous so below you will find a key to help you get started.
