

# THANKFUL TURKEY

## SUPPLIES

- Toilet Paper Rolls
- Colored Construction Paper
- Googly Eyes
- Markers
- Scissors
- White Glue

## DIRECTIONS

1. Free hand draw a feather shape about as big as the toilet paper roll itself and cut it out
2. Make 5 feathers out of construction paper.
3. Think of 5 things you are thankful for. write each one down onto the feathers. All writing should be done on the top 2/3 of the feather.
4. Arrange feathers in the desired fashion and glue them onto the back of the toilet paper roll, slightly overlapping each feather and fanning them out so they can all be read.
5. Glue them about half way down. Allow a few minutes for the glue to dry.
6. Draw a triangle orange beak and a red waddle on the construction paper scraps
7. Arrange these pieces how you'd like, and glue them down and allow the bird to dry completely.
8. Your Thanksgiving turkey is finished!
