Digital Ticketing FAQs

What are the benefits of using digital ticketing?

Digital ticketing provides a safe, convenient and secure way for Trash Pandas fans to use and share game tickets. It also helps prevent lost, forgotten and fraudulent tickets and provides a contactless entry solution for all fans coming through the gates at Toyota Field.

How do I access digital tickets I've purchased?

Digital tickets can be accessed in one of two ways. After purchasing tickets, you will receive a confirmation email with a link that says, "Click here to access your tickets." Tickets can be viewed and scanned on a mobile device or printed off at home. If you are unable to locate that confirmation email, you can also access your digital tickets by logging into your My Tickets account directly.

What do I show at the ballpark gates for entry?

A QR code or barcode (depending on the type of digital ticket used) will be shown on the screen of your mobile device at the gates and scanned by one of our ticket takers for entry.

Can I have multiple tickets on a single phone?

Yes, you can swipe to view and scan multiple tickets on a single phone. For example, if a family of 4 people are walking into the game together, only one person would need to show the 4 tickets on their phone.

Can I add digital tickets to my Apple Wallet or Google Wallet?

Yes! To save tickets to your Apple or Google Wallet, view your confirmation email on your mobile device and select either "Click here to add your tickets to Apple Wallet now" or "Click here to add your tickets to Google Wallet now."

What if I don't have a smartphone?

You are still able to purchase, use, print and share Trash Pandas tickets without a mobile device. All necessary ticket actions can be completed by logging in to your My Tickets account on a computer and printing the selected tickets.
