Fans attending games and events will be able to purchase concession items either with a credit or debit card, or with mobile tap-to-pay.

The new purchasing procedures will increase safety and security standards for fans, while also providing a faster experience, as everyone involved will be able to eliminate the physical handling of cash and change. To accommodate this change, the Baysox have installed multiple new point-of-sale systems to quickly accept both debit and credit cards, as well as mobile tap-to-pay.

While physical cash may be eliminated from the concessions ballpark experience, our stands will still accept Baysox Bucks, which can be used anywhere in the ballpark.
