

Youth Field Betterment Initiative

Presented by Heritage Financial Credit Union

The Hudson Valley Renegades introduced the Youth Field Betterment Initiative in 2023 in partnership with Heritage Financial Credit Union. With a commitment to positively impacting the lives of individuals in our local community, the purpose of this program is to enhance existing facilities into safe spaces to further develop youth skills necessary for baseball and life.

Members of the Hudson Valley Renegades and Heritage Financial Credit Union staff will enhance youth baseball and provide a safe playing field for young athletes by selecting **one** local little league field to renovate as a team. When we look at a submission from an organization, we are looking for constructed ideas and goals that provide a direct benefit to youth from across the Hudson Valley.

What Is the Youth Field Betterment Initiative?

The Youth Field Betterment Initiative was created to help local organizations positively impact their local community by creating a safe place for their youth to further develop themselves and baseball skills. Our goal is to aid local youth organizations that aspire to provide players of all abilities with an environment that combines inclusiveness with fair play.

Each year, the Hudson Valley Renegades will award one (1) little league organization with a refurbishment of a field used within their community for youth baseball.

The renovation will include one (1) makeover of a 46/60 or 50/70 little league field. Youth Field Betterment proposals may include, but are not limited to, improving existing spaces to increase overall usage, safety, accessibility, and inclusiveness for all participants.

Applicants must meet a series of criteria to be eligible for consideration. Please read the guidelines below to ensure your project meets the necessary measures. Applications will be evaluated based on the following:
