DOES IT DISAPPEAR?

BRIX AND BROOKLYN DID AN EGG HUNT AROUND CHICKASAW BRICKTOWN BALLPARK, BUT WHAT SHOULD THEY DO WITH ALL THOSE EGGS? TRY DIFFERENT EXPERIMENTS WITH THEM, OF COURSE! THEIR FAVORITE WAS SHOWING THE BLUE CRÛE HOW TO MAKE EGG SHELLS DISAPPEAR - WITHOUT TOUCHING IT!

1) MATERIALS

AN EGG, A GLASS/SMALL BOWL, WHITE VINEGAR

2) INSTRUCTIONS

- PLACE THE RAW EGG IN A GLASS OR SMALL BOWL.
- COVER THE EGG WITH WHITE VINEGAR, MAKE SURE THE WHOLE EGG IS COVERED.
- LEAVE FOR 24 HOURS.
- RINSE THE EGG AND PLACE BACK IN THE VINEGAR IF SHELL STILL REMAINS.

3) OBSERVATIONS

WHAT DID YOU OBSERVE WHEN THE EGG WAS COVERED WITH VINEGAR? DRAW WHAT YOU SAW.

AFTER 24 HOURS IN WHITE VINEGAR AND BEING RINSED OFF, WHAT DOES THE EGG LOOK LIKE. DRAW YOUR OBSERVATIONS.

CAN YOU MAKE ANY CONCLUSIONS ABOUT WHY THE EGG SHELL DISAPPEARED?
