

Sacramento River Cats (7-5) at Tacoma Rainiers (5-7)

LHP Kyle Harrison (0-0, 1.13) vs. LHP Jhonathan Diaz (0-1, 23.63)

GAME 12 | AWAY GAME 9 | WEDNESDAY, APRIL 10, 2025 | 7:05 P.M. | CHENEY STADIUM | TACOMA, WA

LAST TIME OUT: The **Sacramento River Cats** scored early and often in game three of the series, scoring six times in the first and seven times in the ninth en route to a 17-7 victory over the Tacoma Rainiers...Three River Cats tallied a trio of hits on the night in **OF Grant McCray**, **OF Marco Luciano**, and **IF Sergio Alcántara**, with all three also driving in a pair of runs...**C Max Stassi** set an early season River Cats high with four RBI in the game, while **IF Brett Auerbach** also drove in three with a double and a pair of bases loaded walks...**RHP Mason Black** started the contest and lasted 3.0 innings with two runs allowed on two hits...**LHP Antonio Jimenez** leveled his record at 1-1 by picking up the win with 2.0 clean innings, while **LHP Helcris Olivárez** chipped in a spotless eighth with two strikeouts.

TODAY'S STARTER: **LHP Kyle Harrison** enters his third start of the season looking for his first win, having tossed 4.0 innings in each of his first two starts...The southpaw has yielded only one run in those 8.0 innings, a solo home run in his season debut...The Bay Area native has struck out at least five in each of his first two starts, something he did in 11 straight games during his last full season at Triple-A in 2023...Harrison has been dominating opposing righties, holding them to a .167 (3-for-18) average compared to a .300 (3-for-10) average compared to opposing lefties.

TROPHY CASE: **RHP Carson Seymour** was tabbed as the Pacific Coast League Pitcher of the Week on Monday, April 7, his first Triple-A career weekly honor...Seymour had just one start but dazzled, punching out five hitters and walking only one with two hits allowed over his five blemish-free frames...He faced a total of 19 batters, just four over the minimum, and three of his five punchouts came with his slider while the other two came on the sinker...It is the second Sacramen-to weekly honor from the PCL, as **IF Brett Auerbach** was picked as the PCL Player of the Week on March 31 for his performance over the opening weekend...Sacramento is now halfway to the four weekly honors they earned in 2024 when **RHP Mason Black** (4/15/24) and **RHP Tommy Romero** (6/10/24) were PCL Pitchers of the Week while **IF Tyler Fitzgerald** (5/27/24) and **OF Luis Matos** (6/17/24) were PCL Players of the Week.

START ON THE RIGHT FOOT: **Sacramento River Cats starters** have been putting their best foot forward, allowing three runs or less in 10 of 12 games so far this season...Of those 10, five have been scoreless efforts, something that River Cats starters accomplished 31 times in 2024 (20.7 percent)...Their 2.87 ERA (115 er, 47.0 ip) leads the PCL and is tied for sixth in Triple-A, while their op-posing batting average of .229 (40-for-175) ranks third in the PCL and 10th in Triple-A...Additionally, their 41 strikeouts are second to Las Vegas (53) in the PCL and is tied for ninth in Triple-A...Sacra-mento starters have punched out at least five in six of their 12 games this season.

NEW HEIGHTS: Last night's offensive explosion set a couple of early season-highs for the **Sacra-mento River Cats**, as their six hits in the first and seven runs in the ninth set their new benchmarks for both hits and runs in an inning this season...Additionally, the River Cats batted 11-for-21 (.524) with runners in scoring position, which doubled their previous season high of four hits w/ RISP which they had done twice (recently: 4/8 at TAC).

SWEET 17: The 17 runs scored last night by the **Sacramento River Cats** were their most in a game since they also scored 17 on June 12, 2024 in a 17-3 win at Reno...Six of the runs came in the first, which were Sacramento's most runs in the first inning of a contest since they managed seven on Aug. 8, 2023 on the road at Las Vegas, a contest Sacramento went on to lose by a 10-9 final.

GOING MCCRAY-ZY: **OF Grant McCray** has reached base safely in all 12 games that he's played in 2025...Not only is that the longest streak on Sacramento, but it is tied with four others for the longest stretch in the PCL...The Montana na-tive's on-base percentage sits at .382, which is the second-highest on Sacramento with at least three games played (first: **IF David Villar**, .412).

VAMOS VILLAR: Though he went hitless Wednesday, **IF David Villar** had made an imme-diate impact upon his arrival in the Sacramento lineup...Villar has logged a hit in seven of his eight games played, batting .310 (9-for-29) with four runs scored, one homer, two RBI, and five walks...He started the year on a six-game hitting streak, which is tied with **IF Jake Lamb** for the longest such streak on Sacramento in the early season...The South Florida product also hit a home run in his third at-bat of the year to bump his Sacra-mento career homer total to 61...That leaves him two shy of tying **OF Chris Shaw** for second place in the career ranks...Should Villar hit five more home runs in 2025 for the River Cats, he would surpass **IF Chris Carter** (65) for Sacramento's all-time lead...Villar entered the season either in or knock-ing on the door of numerous top-10 offensive cat-egories for Sacramento including: games played (265, 12th), at-bats (993, 14th), plate appearances (1,182, 10th), runs scored (191, 7th), RBI (210, 6th), and total bases (507, 10th).

OUCH: In his outing Wednesday night, **RHP Car-son Seymour** hit three different Rainiers batters with a pitch...That is tied for the second-most hit batsmen by a River Cats starter since 2005 (most: **RHP Jerome Williams**, 4)...The last to do so was **LHP Michael Plassmeyer** on May 4, 2022 when he hit three batters in a contest against Las Vegas.

I WANNA THROW FAST: **RHP Joel Peguero** threw a pitch at 102.2 mph in Sacramento's game last Sunday, which is the second-fastest recorded pitch at Triple-A this season...It is second to only Luis Mey of Louisville (CIN), who owns three of the top five fastest pitches thus far in 2025.

THIS DAY IN BASEBALL HISTORY

April 11, 2000

The Giants inaugurate Pac Bell Park with a 6-5 loss to the Dodgers. Los Angeles SS Kevin Elster hits three homers in the game; the next batter to have a three-homer game in the ballpark will be Pablo San-doval in Game 1 of the 2012 World Series.

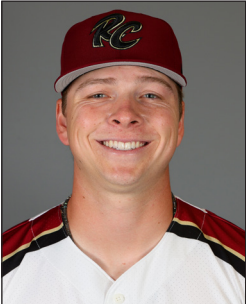

NUMBER OF THE DAY

0

Until last night's seven-run ninth inning, the **Sacramento River Cats** had not scored a run in the ninth frame...Sacra-mento had scored more runs in extra innings (2) than the ninth entering the game...Now, those seven runs are their fourth-most in any inning this season.

ADVANCED PITCHING STATS*	
TBF: Total Batters Faced Total Batters Faced measures the total number of plate appearances hitters have made against him.	
HR/9: Home Run Rate Home Rune Rate measures how many home runs a pitcher averages over nine innings. Of course, not many pitchers throw nine innings all at once anymore, but this is a way of standardizing the statistic so it's on an easy-to-understand scale like many other pitcher statistics which are scaled to 27 outs.	
K% & BB%: Strikeout Rate and Walk Rate Strikeout rate (K%) and walk rate (BB%) measure how often a pitcher walks or strikes out a player per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.	
AVG: Batting Average Batting average is the rate of hits per at bat, calculated as hits/at bats.	
BABIP: Batting Average on Balls In Play Batting Average on Balls In Play (BABIP) measures how often a ball in play goes for a hit. Typically around 30% of all balls in play fall for hits, but there are several variables that can affect BABIP rates for individual players, such as defense, luck, and talent level. Hitters have more control over their BABIP than pitchers do.	
LOB%: Left On Base Percentage Left on Base Percentage (LOB%) measures the percentage of base runners that a pitcher strands on base over the course of a season. This stat does not use the left on base numbers reported in box scores, but instead is calculated using a pitcher's actual hits, walks, and runs allowed results.	
xFIP: Expected Fielding Independent Pitching Fielding Independent Pitching measures what a player's ERA would look like over a given period of time if the pitcher were to have experienced league average results on balls in play and league average timing. xFIP Normalizes a pitcher's home runs allowed based on their fly ball rate rather than simply using the raw number of home runs allowed. (Due to no constant in Minor League Baseball, the xFIP statistic is aproximate)

*ADVANCED HITTING STATS GLOSSARY

PA: Plate Appearances
Plate Appearances are the total number of times a hitter completes a turn batting.

K% & BB%: Strikeout Rate and Walk Rate
Strikeout rate (K%) and walk rate (BB%) measure how often a position player walks or strikes out per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.

ISO: Isolated Power
Isolated Power (ISO) is a measure of a hitter's raw power. Or, to look at it another way, it measures how good a player is at hitting for extra bases. The simplest way to calculate ISO is to subtract a player's Batting Average from their Slugging Percentage, which leaves us with a measure of just a player's extra bases per at bat.

BABIP: Batting Average on Balls In Play
Batting Average on Balls In Play (BABIP) measures how many of a batter's balls in play go for hits. Affected greatly by defense and luck, BABIP can dramatically affect a hitter's batting average. If a large number of a batter's balls in play go for hits, that can boost their batting average quite high. Similarly, if a large number of balls in play get caught, it can reduce a player's total offensive value.

wOBA: Weighted On-Base Average
Weighted On-Base Average combines all the different aspects of hitting into one metric, weighting each of them in proportion to their actual run value. While batting average, on-base percentage, and slugging percentage fall short in accuracy and scope, wOBA measures and captures offensive value more accurately and comprehensively. (Due to no constant in minor league baseball, the wOBA statistic is approximate).

wRC+: Weighted Runs Created Plus
Weighted Runs Created Plus measures the total number of runs a player contributes to their team. The formula accounts for a player's ability to get on base, their total number of bases, and their baserunning. The Plus version of the stat is park and league adjusted.
