Syracuse Mets News and Notes

Bring in the Reinforcements: Syracuse currently has three players on a Major League rehab assignment travelling with the team. Outfielder **Albert Almora, Jr.** joined Syracuse on June 8th while he recovers from a left shoulder contusion from running into the outfield wall at full speed with his left arm extended on May 11th...Infielder **Jeff McNeil** joined Syracuse yesterday to continue his rehab assignment. McNeil left a game on May 16th with left hamstring tightness and was placed on the injured list with a left hamstring strain on May 17th...Outfielder **Michael Conforto** joins Syracuse today to begin his Major League rehab assignment. Conforto left the May 16th game for the Mets with right hamstring tightness. He pulled up while running to first base on a groundout. Conforto was placed on the injured list on May 17th with a strained right hamstring.

League Leaders: Syracuse leads the Triple-A East League with 57 stolen bases, 14 more than Worcester, the next closest team...The Mets are second in the league lead defensively in double plays with 37, five behind Gwinnett...**Drew Ferguson** is tied for fifth with eight stolen bases and tied for 16th with 18 walks...**César Puello** is tied for 13th in the league with seven stolen bases (Six with Worcester and One with Syracuse)... **Drew Jackson** is tied for seventh in the league with two triples and 16th with 18 walks... **Jerad Eickhoff** is third in the league with 44 IP and ranks tied for ninth with 41 strikeouts...**Jesús Reyes** is fourth in the league with 41.1 IP...**Franklyn Kilomé** has the only complete-game shutout thrown in the league this season.

Mets Dig the Long Ball: Syracuse has hit 39 home runs this season, scoring 66 total runs from those homers. That accounts for 39% of Syracuse's run production this season (169 runs).

Capacity Updates: Beginning this month, Syracuse was able to expand capacity at NBT Bank Stadium from 2,163 (20%) to 5,079 (47%) because of easing of restrictions by New York State. NBT Bank Stadium's full capacity is 10,815. The Syracuse Mets had their two largest crowds of the season at NBT Bank Stadium the last two nights. On Thursday, a season-high 4,814 fans were at the stadium, Friday, 3,762 fans were at the ballpark, Saturday's crowd was 4,722, and Sunday saw 3,222 fans at the stadium. Those are three of the four largest crowds Syracuse has played in front of this season at home or on the road. The largest crowd on the road was 3,481 on May 29th at Rochester.

We're Going to Need a Bigger Base: Major League Baseball is implementing different experimental rule changes at the various levels in the minors this season. In Triple-A, bigger bases are being tested. In the Triple-A East League, where the Mets are, an 18x18 inch base will be used instead of the traditional 15x15 inch base. But this base will only be used for the first half of the season. In the second half, the league will switch back to the traditionally-sized base in order to see the differences. The Triple-A West League will do the opposite: Starting with the 15x15 inch base and then switching to the 18x18 inch base. There will be another difference. The 18x18 inch bag used in the Triple-A East League is manufactured by Schutt. The bigger base that Triple-A West will use will be a new design that will have a reduced height of 2.5 inches tall at the center of the bag instead of the current 3 inches. That new design is being built by Boombang.
