

2022 FSL ABS Reference Card

How the System Works

Hawk-Eye cameras stationed around the ballpark track pitches and determine location

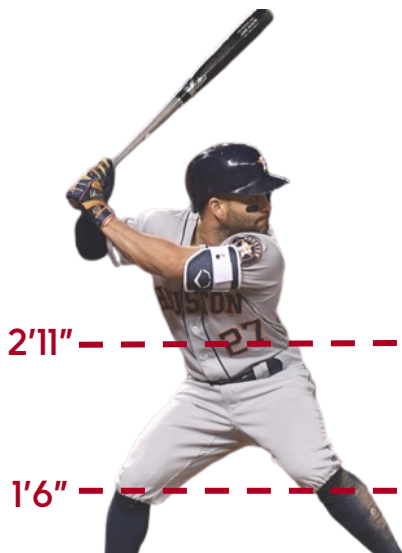

ABS Operator

Umpire receives the call in his earpiece and makes the call on the field

Strike Zone Information

- The ABS strike zone is a 20" wide, 2-dimensional rectangle set at the middle of the plate
- If any part of the baseball touches the strike zone, the pitch will be called a strike

Examples

Jose Altuve - 5'6"

Top and Bottom Settings for Major League Hitters

Aaron Judge - 6'7"
