

Net Poles & Foul Poles Sponsorships

"Standing Tall" in both corners of Momentum Bank Ballpark are the stadium's Foul & Net Poles ... both offering a **unique advertising opportunity**.

The **foul pole's** job is to be visible! They're designed to help the umpiring crew determine the "fate" of fly balls ... fair or foul.

The **net poles** support the safety netting that protects fans in the stands and are similar in size and location (and visibility) to the foul poles.

The wide-view photo (below) shows the locations of the poles.

Each has two locations ... left and right field lines ...

offering excellent visibility throughout the stadium's seating bowl.

Your RockHounds representative can provide additional layout & design details.

NET POLE (PICTURED IS RIGHT FIELD)

Foul Poles
\$11,000 per season

Net Poles
\$10,000 per season

(L-R) FOUL POLE (RF) ... FOUL POLE (LF) ... NET POLE (LF)
