IF YOU ARE SAVING, YOU ARE

SUCCESS!

There is so much to do around the ballpark! To create your own experience last longer, it is important to manage your money!

Help advise Billy what to buy at Delta Dental Stadium.

SLIDER

WORD PROBLEMS *TEST YOUR MONEY SKILLS!*

Billy is so excited to come to a Fisher Cats game with his best friend Andrew and his family. His mom gave him \$20 to spend at the game. He is already planning on buying the kids meal at the concession stand (\$10.50) and buying a 5 pack of launch a balls (\$5). How much money does Billy have now?

Andrew's mom was so kind to offer both Andrew and Billy an additional \$20 that they have to split evenly. How much money does Billy have now?

Billy walked by the Dippin' Dots stand and just has to have some! After spending money on tickets to the play area (\$5), does he have enough for a bowl of Dippin' Dots (\$7.50) and a foam finger (\$6)?

WHERE'S THE...

The Fisher Cats and the City of Manchester have engineered a series of ballpark landmarks that make our home stadium the BEST in Double-A, voted by fans!

Can you find them all?

STATS, STATS, STATS!

Bo Bichette is a legend here at Delta Dental. Getting the privilege to watch him play here in 2018 was more than we could ever comprehend. Let's see how he has done in the big leagues!

SLIDER

Bichette had 24 home runs in 2022, 29 in 2021, and 5 in 2020. How many total did he hit from 2020-2022?

	Home Runs	RBI	Hits	Doubles	Triples	Runs	Walks	Strikeouts	Averages
2023	14	43	91	11	1	37	13	52	0.317
2022	24	93	189	43	1	91	41	155	0.29
2021	29	102	191	30	1	121	40	137	0.298
2020	5	23	37	9	1	18	5	27	0.301
2019	11	21	61	18	0	32	14	50	0.311

To determine how many more strikeouts Bo earned than walks in 2021, let's look at the chart above.

How many doubles has Bo hit so far in his career?

The statistic "hits" includes singles, doubles, triples, and home runs. How many singles has he hit in his career?

MATH IS THE FOUNDATION OF ALL FINANCIAL

DECISIONS

Batting Average, ERA, you name it - mathematics and statistics are everywhere you look in the game of baseball. Knowing the numbers can give you an edge on the diamond, in the dugout, and in the front office. Let's find out how!

FUNGO

You're the Manager... Make the Call!

It's the bottom of the ninth, and the Fisher Cats need two more outs to win the ballgame! But the rival Sea Dogs have the bases loaded, and their best hitter is coming to the plate - *it looks like you'll need a ground ball double play, or a **strikeout*** - so which pitcher are you going to call in from the bullpen, skipper?

Hint: Check their Stats!

Marcelo Mayer

Season Batting Average: **.189**
Average vs. Left-Handed Pitchers: **.167**
Average vs. Right-Handed Pitchers: **.278**
Strikeout Rate vs. Left-Handed Pitchers: **43%**
Strikeout Rate vs. Right-Handed Pitchers: **26%**

Your new Pitcher:

THE BULLPEN

TJ Brock (RHP)

Batting Average Against: **.246**
Ground Ball Rate: **1.33**
Strikeout Rate vs. Lefties: **40%**

Michael Dominguez (RHP)

Batting Average Against: **.210**
Ground Ball Rate: **.65**
Strikeout Rate vs. Lefties: **40%**

Adam Macko (LHP)

Batting Average Against: **.150**
Ground Ball Rate: **1.10**
Strikeout Rate vs. Lefties: **20.7%**

CJ Van Eyk (RHP)

Batting Average Against: **.220**
Ground Ball Rate: **0.58**
Strikeout Rate vs. Lefties: **24.1%**

Adrian Hernandez (RHP)

Batting Average Against: **.170**
Ground Ball Rate: **0.85**
Strikeout Rate vs. Lefties: **39%**

Answer: TJ Brock because he has the best chance to make a double play out of the situation and a high chance of striking him out.

Ever want to operate our manual scoreboard in left field? It's harder than it looks! **See if you can figure out if the Fisher Cats won the games below!**
