

With the longest affiliation in Minor League Baseball, standing at over 50 years, the R-Phils have had the opportunity to host some of the most notable Phillies' and Major League Baseball names in the game. As proud as we are of our history, we are equally honored to share our future. We invite you to become part of the next chapter in Baseballtown as we open this one-of-a-kind, state-of-the-art, \$45 million dollar event center – the first, and likely only, to be built to this scale at a minor league stadium. With tremendous brickwork, factory style historic décor, and impressive views of the playing field, our 14,000+ sq ft event center is unprecedented.

Always complimentary:
