

Sacramento River Cats (10-9) vs. Salt Lake Bees (9-10)

LHP Carson Whisenhunt (1-2, 3.86) vs. RHP Shaun Anderson (0-3, 5.31)

GAME 20 | HOME GAME 8 | SATURDAY, APRIL 16, 2025 | 6:37 P.M. | SUTTER HEALTH PARK | WEST SACRAMENTO, CA

LAST TIME OUT: The **Sacramento River Cats** stopped their offensive struggles with an impressive offensive performance, scoring 11 runs to hold off the Salt Lake Bees 11-8 in game four of their series...**OF Grant McCray** and **OF Marco Luciano** each had a pair of doubles, with the former scoring once and driving two in while the latter scored twice and drove in one... **IF David Villar** extended his team-leading hitting streak to eight games by going 1-for-4 with a run scored...**C Max Stassi** and **IF Sergio Alcántara** joined the doubles party helping Sacramento finish with six for the game...**LHP Kyle Harrison** allowed two earned runs (three total) in 4.0 innings, but struck out seven...**RHP Carson Ragsdale** earned his second win after allowing one run in 1.2 innings...**RHP Tristan Beck** picked up his third hold with a perfect 1.2 frames.

TODAY'S STARTER: **LHP Carson Whisenhunt** takes the bump for Sacramento today, his fourth start of the young season...Thus far the East Carolina product has sandwiched a win inside a pair of losses, as last time out he allowed four runs on eight hits in just 3.1 innings against Tacoma...In his start against Las Vegas on April 5 he logged the only quality start so far this season for the River Cats, blanking the Aviators on four hits with two strikeouts...Despite taking a loss in his season debut he fanned nine batters, which was the most by a River Cat unit! RHP Mason Black recently topped that mark...Opposing lefties are batting just .235 (4-for-17) with one double.

VAMOS VILLAR: **IF David Villar** made an immediate impact upon his arrival in the Sacramento lineup on April 2 prior to having his contract selected by San Francisco earlier today...Villar logged a hit in 14 of his 15 games played including five multi-hit efforts (two three-hit games), batting .368 (21-for-57) with eight runs scored, one double, one homer, seven RBI, and eight walks...Last night he extended his hitting streak to eight games which is a Sacramento best in 2025, batting .424 (14-for-33) over that span with six runs scored, one double, six RBI and four walks...It is his second hitting streak of six or more games, the first coming in his first six games played from April 2-8 when he batted .350 (7-for-20) with two runs scored, a homer and one RBI.

RECORD CHASING: Though he will now put his record chase on pause, **IF David Villar** hit his homer in his third at-bat of the year to bump his Sacramento career homer total to 61...That leaves him two shy of tying **OF Chris Shaw** for second place in the career ranks...Should Villar hit five more home runs in 2025 for the River Cats, he would surpass **IF Chris Carter** (65) for Sacramento's all-time lead...On Wednesday, Villar moved into 8th in River Cats history for games played (280)...Villar is also inside or knocking on the door of numerous top-10 offensive categories for Sacramento including: at-bats (1,050, 11th), plate appearances (1,248, 9th), runs scored (199, 7th), RBI (217, 6th), and total bases (532, 9th).

FOLLOW THE LEADER: There are a handful of **Sacramento River Cats** that find themselves amongst the league leaders in the Pacific Coast League...Offensively, **IF David Villar** ranks fifth in batting average at .368 and on-base percentage at .439...Meanwhile, **OF Marco Luciano's** 13 walks are tied for fifth in the PCL...**OF Grant McCray** has swiped five bases, tied for fifth-most in the league...From the mound, **RHP Carson Seymour** finds himself in multiple top-10 categories as he leads the PCL and is third in all Triple-A with a 1.00 ERA...Additionally, his 22

strikeouts are tied for fourth in the PCL, his opposing batting average of .159 leads the PCL and is fifth in Triple-A, and his 0.83 WHIP leads the PCL and is third in Triple-A...**RHP Sean Hjelle** and **RHP Tristan Beck** are both tied for second in PCL wins with two...**RHP Justin Garza** is tied for second in the PCL in saves with three...LHP Kyle Harrison is tied for second in the PCL with 23 strikeouts.

MOWING 'EM DOWN: The **Sacramento River Cats** tied their season-high in strikeouts last night with 17, doing so just one night after setting that season-mark...Prior to Thursday night the River Cats had not carved up that many batters since they had 18 at home against Tacoma on May 4, 2024...These two performances came on the heels of a 13-strikeout game by Sacramento hurlers on Wednesday (47 total), marking the first time they have struck out 13 or more batters in three consecutive games for the first time since they did so in four straight games from June 13-16, 2023 at Sugar Land (56 total in that span; single-game most: 15)...Additionally, this is the first time they have punched out 17 batters in consecutive games since they did so just earlier in the 2024 campaign in a pair of games at home against Oklahoma City on May 23-24, 2024...Sacramento has now punched out double-digit batters in 12 of 19 games this season (63.2 percent) a feat they accomplished a total of 50 times in 150 games during 2024 (33.3 percent).

THINGS ARE GETTING HARRY: **LHP Kyle Harrison** punched out seven batters last night in just 4.0 innings, and he has struck out five or batters in each of his four outings...That is the longest active streak in the Pacific Coast League, though it is seven shy of the 11-game stretch he had during his last full Triple-A season in 2023...That 2023 stretch ended as the second longest in the PCL that season, trailing the 12-game streak of former Salt Lake Bee Kenny Rosenberg.

GOT ANY RUNS?: The **Sacramento River Cats** broke their offensive slump with their second double-digit run total of the season, dropping 11 runs on 12 hits...Last season Sacramento reached 10+ runs a total of 20 times in 150 games (13.3 percent).

OH-SLAY-VIS: **IF Osleivis Basabe** crushed Sacramento's first grand slam of the season last night in the seventh inning, a towering blast that rang off the left field foul pole...It was the first River Cats grand slam since 2024 Team MVP **IF Donovan Walton** did so at home on July 21, 2024 against Albuquerque...Last season the River Cats hit a total of five grand slams, two of which came from the bat of Walton...Sacramento's most grand slams in a single season since 2005 came when they clobbered 11 in the 2006 campaign.

DAILY DOUBLE: The **Sacramento River Cats** tallied six doubles last night, their most two-baggers in a single game this season...That matches their most in game from 2024 when they also had six on Aug. 7 in an 8-4 win at Albuquerque, though it is three shy of the franchise record nine two-baggers they logged in a 17-9 win at Reno on April 16, 2023.

LIKE PARENT, LIKE AFFILIATE: The **Sacramento River Cats** are battling the Salt Lake Bees at the same time both parent clubs are facing off, as yesterday the San Francisco Giants were defeated 2-0 at the hands of the Los Angeles Angels...Both parent affiliates line up for game two of their set tonight at 6:38 p.m. (PT).

THIS DAY IN BASEBALL HISTORY

April 19, 1963

Willie Mays becomes the (then) all-time National League right-handed home run leader when he connects for his 371st career round-tripper, a fourth-inning solo shot off Chicago's Larry Jackson in the Giants' 5-1 victory at Candlestick Park. The San Francisco center fielder surpasses Gil Hodges, who established the mark last season in 1962.

NUMBER OF THE DAY

7

Last night the **Sacramento River Cats** totaled seven extra-base hits, their most in a game this season...Sacramento logged seven or more extra-base knocks a total of five times in 2024, the last of which was on Aug. 11 in a 17-10 loss at Albuquerque...Sacramento accomplished the same feat a total of 10 times in 2023.

ADVANCED PITCHING STATS*	
TBF: Total Batters Faced	Total Batters Faced measures the total number of plate appearances hitters have made against him.
HR/9: Home Run Rate	Home Rune Rate measures how many home runs a pitcher averages over nine innings. Of course, not many pitchers throw nine innings all at once anymore, but this is a way of standardizing the statistic so it's on an easy-to-understand scale like many other pitcher statistics which are scaled to 27 outs.
K% & BB%: Strikeout Rate and Walk Rate	Strikeout rate (K%) and walk rate (BB%) measure how often a pitcher walks or strikes out a player per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.
AVG: Batting Average	Batting average is the rate of hits per at bat, calculated as hits/at bats.
BABIP: Batting Average on Balls In Play	Batting Average on Balls In Play (BABIP) measures how often a ball in play goes for a hit. Typically around 30% of all balls in play fall for hits, but there are several variables that can affect BABIP rates for individual players, such as defense, luck, and talent level. Hitters have more control over their BABIP than pitchers do.
LOB%: Left On Base Percentage	Left on Base Percentage (LOB%) measures the percentage of base runners that a pitcher strands on base over the course of a season. This stat does not use the left on base numbers reported in box scores, but instead is calculated using a pitcher's actual hits, walks, and runs allowed results.
xFIP: Expected Fielding Independent Pitching	Fielding Independent Pitching measures what a player's ERA would look like over a given period of time if the pitcher were to have experienced league average results on balls in play and league average timing. xFIP Normalizes a pitcher's home runs allowed based on their fly ball rate rather than simply using the raw number of home runs allowed. (Due to no constant in Minor League Baseball, the xFIP statistic is aproximate)

*ADVANCED HITTING STATS GLOSSARY							
PA: Plate Appearances Plate Appearances are the total number of times a hitter completes a turn batting.							
K% & BB%: Strikeout Rate and Walk Rate Strikeout rate (K%) and walk rate (BB%) measure how often a position player walks or strikes out per plate appearance. They’re measured in percentage form, so it’s easy to compare between players and years.							
ISO: Isolated Power Isolated Power (ISO) is a measure of a hitter’s raw power. Or, to look at it another way, it measures how good a player is at hitting for extra bases. The simplest way to calculate ISO is to subtract a player’s Batting Average from their Slugging Percentage, which leaves us with a measure of just a player’s extra bases per at bat.							
BABIP: Batting Average on Balls In Play Batting Average on Balls In Play (BABIP) measures how many of a batter’s balls in play go for hits. Affected greatly by defense and luck, BABIP can dramatically affect a hit-ter’s batting average. If a large number of a batter’s balls in play go for hits, that can boost their batting average quite high. Similarly, if a large number of balls in play get caught, it can reduce a player’s total offensive value.							
wOBA: Weighted On-Base Average Weighted On-Base Average combines all the different aspects of hitting into one metric, weighting each of them in proportion to their actual run value. While batting average, on-base percentage, and slugging percentage fall short in accuracy and scope, wOBA measures and captures offensive value more accurately and comprehensively. (Due to no constant in minor league baseball, the wOBA statistic is approximate).							
wRC+: Weighted Runs Created Plus Weighted Runs Created Plus measures the total number of runs a player contributes to their team. The formula accounts for a player’s ability to get on base, their total number of bases, and their baserunning. The Plus version of the stat is park and league adjusted.
