

## Sacramento River Cats (15-16) vs. Reno Aces (17-14)

*RHP Carson Seymour (1-2, 1.93) vs. LHP Tommy Henry (0-4, 8.53)*

GAME 32 | HOME GAME 14 | FRIDAY, MAY 3, 2025 | 6:37 P.M. (PT) | SUTTER HEALTH PARK | WEST SACRAMENTO, CA

**LAST TIME OUT:** A three-run triple from the newest River Cat **OF Daniel Johnson** was all the offense needed for the **Sacramento River Cats** on Friday, outlasting the Reno Aces for a 3-2 win behind solid pitching...**RHP Trevor McDonald** went six frames with two runs allowed on six hits, striking out three without a walk for a quality start...**RHP Tristan Beck** and **RHP Kai-Wei Teng** combined to yield only one base runner in three innings, a walk from Teng...Beck struck out four of the six he faced while Teng recorded his first professional strikeout... Outside of the three-RBI triple from Johnson, **IF Brett Auerbach** was 1-for-2 with a run scored...**OF Marco Luciano** drew three walks for the second time this season.

**TODAY'S STARTER:** **RHP Carson Seymour** takes the bump coming off his first win of the season, allowing two runs on a season-high seven hits with one walk and four strikeouts...The Kansas State product has allowed two runs or less in all six of his outings, the longest such streak among starters in the PCL and tied for the most with two others in Triple-A...Seymour has made just two starts at home, allowing only a single run in 8.0 combined innings for a 1.13 ERA...The California native has dominated opposing righties, holding them to a .043 (2-for-47) average with 16 strikeouts...In each of his six games he's punched out four or more, with a season high of eight in his season debut against Albuquerque on March 28.

**FOLLOW THE LEADER:** There are a handful of **Sacramento River Cats** that find themselves amongst the league leaders in the Pacific Coast League...Offensively, **OF Marco Luciano** and his 24 walks are tied for second in the PCL, while his 20 runs scored are tied for 10th...From the mound, **RHP Carson Seymour** leads the PCL and is tied for seventh in Triple-A for ERA at 1.93, tied for fifth in PCL strikeouts with 30, second in PCL opposing batting average at .210, tied for 10th in PCL innings pitched with 28.0, and third in PCL WHIP at 1.14...**LHP Kyle Harrison** is tied for the Triple-A lead in strikeouts with 38, ranks sixth in PCL ERA at 3.46, ninth in PCL WHIP at 1.31, and tied for ninth in opposing average at .252...**LHP Carson Whisenhunt** is tied for third in PCL strikeouts with 31, fourth in PCL innings pitched with 30.0, and fifth in PCL WHIP at 1.23...**RHP Trevor McDonald** is seventh in PCL ERA at 3.49, ninth in PCL innings pitched with 28.1, tied for ninth in PCL opposing average at .252, and 10th in PCL WHIP at 1.34...**RHP Justin Garza** is sixth in PCL saves with three.

**THAT'S ALL WE GOT?:** The **Sacramento River Cats** won last night's game despite logging a season-low two hits in the contest...This was the 35th time time that the River Cats have been held to two or fewer wins, but it was the first time that Sacramento came out on the winning end of the decision.

**WHO'S THE NEW GUY?:** **OF Daniel Johnson** made his Sacramento River Cats debut yesterday, going 1-for-4 with a game-winning three-RBI triple and a pair of punchouts...Stat search limitations means the following list is incomplete, but Johnson became at least the seventh River Cat since 2005 to hit a three-bagger in his first Sacramento contest, the others being: **OF Michael Taylor** and **IF Dallas McPherson** (4/8/10 @ POR), **IF Jemile Weeks** (4/7/11 vs. TAC), **IF Zach Green** (4/4/19 vs. TAC), **IF Mitchell Tolman** (5/6/21 @ LV), and **IF Arquimedes Gamboa** (4/5/22 vs. SUG)...Johnson is familiar with Sacramento, playing in the PCL with El Paso during 2023...He played 28 games with the firt six coming against Sacramento...In his season debut he was 3-for-4 with a home run, then finished the set a combined 7-for-19 (.368) with five runs scored, three homers, five RBI and five walks...Johnson arrives from the Mexican Baseball League where he was playing with the Caliente de Durango, seeing time in 10 games and batting .429 (15-for-35) with three doubles, five homers, 12 RBI, one stolen base, five walks and a 1.455 OPS.

**DIGGING THE LONG BALL:** The **Sacramento River Cats** saw their seven-game homer streak come to an end, their longest such streak this season...Over that time they hit 11 homers and posted a 3-4 record...That stretch included their season high of three homers in a game that they have now accomplished twice, first during the series finale last Sunday with El Paso before doing so again on Wednesday...However, the River Cats are tied with the Round Rock Express for seventh in the Pacific Coast League in home runs with 26...At this current pace, Sacramento would be projected to hit just 126 home runs, which would be their fewest since they hit just 114 during the 2018 campaign.

**MARCO! (POLO!):** **OF Marco Luciano** has been surging in his last 19 games, a stretch that started with a three-hit performance on April 10 at Tacoma...The Dominican Republic native is batting .296 (21-for-71) with 18 runs scored, five doubles, four homers, 12 RBI, and 18 walks...His on-base percentage in that span is .444, ranking tied for 18th in the PCL in that time of those with five or more games played...Luciano has reached base safely in 17 straight games, a team best and the second-longest active streak in the PCL, batting .295 (18-for-61) in that time with a .449 on-base percentage and .974 OPS.

**NO WALKIN' HERE:** **Sacramento River Cats** starters have limited free passes of late, as LHP Kyle Harrison, LHP Carson Whisenhunt, and RHP Trevor McDonald have gone three straight games and 18.0 combined innings without issuing a free pass...The three straight without a walk is tied for Sacramento's longest such streak, as they also went three without a walk from April 5-8 against Las Vegas and Tacoma.

**FIRST TIME FOR EVERYTHING:** **RHP Kai-Wei Teng** earned his first professional career save in yesterday's contest, converting his first ever opportunity in his 135th career Minor League contest...He joins **RHP Carson Ragsdale** (4/24 at ELP) and **LHP Helcris Olivárez** (4/15 vs. SL) as the third River Cat this season to record their first professional save.

**LES WHIZ:** **LHP Carson Whisenhunt** set his new professional career best for innings pitched by tossing 7.0 frames last night...His previous career best was 6.0, which he had done four times over the past two years with Sacramento, the last of which was April 19 in a 5-0 win at homer over Salt Lake...The last River Cats hurler to toss 7.0 innings was teammate **RHP Tristan Beck**, who did so twice during the 2022 season, the last of which was on Aug. 13, 2022 in an 8-4 loss on the road at Salt Lake...For the third time this season he struck out seven hitters, carving up seven Aces without a walk...The East Carolina product has walked just five batters in 30.0 innings this season, which is tied for the 14th fewest among PCL starters with at least three starts...Four of his seven punchouts came with his 70-grade changeup, giving him 20 on the season with El Cambio which rancks fifth in the PCL of any starter with one specific pitch type.

**NO RUNS FOR YOU:** **RHP Sean Hjelle** has been tough as nails of late, posting a team-best eight straight scoreless outings that began with a blemish-free frame on April 6 at Las Vegas...In that time, Hjelle has logged a combined 13.1 innings without a run scoring, yielding just six hits and six walks in that time compared to 16 strikeouts...In this span he's posted a 0.90 WHIP, and opposing hitters are batting just .162...Hjelle is yet to allow a run in four games and 7.2 innings at Sutter Health Park.

**BECK AND CALL:** **RHP Tristan Beck** worked two perfect frames and struck out four of the six he faced yesterday...Outside of a pair of appearances in which he allowed a pair of runs each (4/1 at LV, 4/26 at ELP), Beck otherwise has not allowed a run in nine games and 15.2 combined innings pitched.

NEXT GAME'S PROBABLE: RHP Mason Black (0-2, 5.06)

- Selected 85th overall (Round 3, Pick 14) of the 2021 MLB Draft
- Made his MLB debut on May 6, 2024 at Philadelphia, striking out J.T. Realmuto and Bryce Harper for his first MLB punchouts
- Was 1-5 with a 6.44 ERA at MLB in 2024
- Finished the Triple-A season in 2024 with a 5-6 record and 4.59 ERA
- Named an MiLB.com Organization All-Star in 2022
- Named PCL Pitcher of the Week on 4/14/24
- Was named EAS Pitcher of the Month for June 2023 and the EAS Pitcher of the Week on July 2.
- Played baseball at Lehigh College, and was the Patriot League Pitcher of the Year in 2021
- Became the 15th Mountain Hawk drafted to the MLB, and is Lehigh's highest drafted pitcher in program history.

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| <b>TBF: Total Batters Faced</b><br>Total Batters Faced measures the total number of plate appearances hitters have made against him.                                                                                                                                                                                                                                                                                                                                                              |  |
| <b>HR/9: Home Run Rate</b><br>Home Rune Rate measures how many home runs a pitcher averages over nine innings. Of course, not many pitchers throw nine innings all at once anymore, but this is a way of standardizing the statistic so it's on an easy-to-understand scale like many other pitcher statistics which are scaled to 27 outs.                                                                                                                                                       |  |
| <b>K% &amp; BB%: Strikeout Rate and Walk Rate</b><br>Strikeout rate (K%) and walk rate (BB%) measure how often a pitcher walks or strikes out a player per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.                                                                                                                                                                                                                              |  |
| <b>AVG: Batting Average</b><br>Batting average is the rate of hits per at bat, calculated as hits/at bats.                                                                                                                                                                                                                                                                                                                                                                                        |  |
| <b>BABIP: Batting Average on Balls In Play</b><br>Batting Average on Balls In Play (BABIP) measures how often a ball in play goes for a hit. Typically around 30% of all balls in play fall for hits, but there are several variables that can affect BABIP rates for individual players, such as defense, luck, and talent level. Hitters have more control over their BABIP than pitchers do.                                                                                                   |  |
| <b>LOB%: Left On Base Percentage</b><br>Left on Base Percentage (LOB%) measures the percentage of base runners that a pitcher strands on base over the course of a season. This stat does not use the left on base numbers reported in box scores, but instead is calculated using a pitcher's actual hits, walks, and runs allowed results.                                                                                                                                                      |  |
| <b>xFIP: Expected Fielding Independent Pitching</b><br>Fielding Independent Pitching measures what a player's ERA would look like over a given period of time if the pitcher were to have experienced league average results on balls in play and league average timing. xFIP Normalizes a pitcher's home runs allowed based on their fly ball rate rather than simply using the raw number of home runs allowed. (Due to no constant in Minor League Baseball, the xFIP statistic is aproximate) |  |

|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|--|--|--|--|
| <b>PA: Plate Appearances</b><br>Plate Appearances are the total number of times a hitter completes a turn batting.                                                                                                                                                                                                                                                                                                                                                          |  |  |  |  |  |  |  |  |  |
| <b>K% &amp; BB%: Strikeout Rate and Walk Rate</b><br>Strikeout rate (K%) and walk rate (BB%) measure how often a position player walks or strikes out per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.                                                                                                                                                                                                         |  |  |  |  |  |  |  |  |  |
| <b>ISO: Isolated Power</b><br>Isolated Power (ISO) is a measure of a hitter's raw power. Or, to look at it another way, it measures how good a player is at hitting for extra bases. The simplest way to calculate ISO is to subtract a player's Batting Average from their Slugging Percentage, which leaves us with a measure of just a player's extra bases per at bat.                                                                                                  |  |  |  |  |  |  |  |  |  |
| <b>BABIP: Batting Average on Balls In Play</b><br>Batting Average on Balls In Play (BABIP) measures how many of a batter's balls in play go for hits. Affected greatly by defense and luck, BABIP can dramatically affect a hitter's batting average. If a large number of a batter's balls in play go for hits, that can boost their batting average quite high. Similarly, if a large number of balls in play get caught, it can reduce a player's total offensive value. |  |  |  |  |  |  |  |  |  |
| <b>wOBA: Weighted On-Base Average</b><br>Weighted On-Base Average combines all the different aspects of hitting into one metric, weighting each of them in proportion to their actual run value. While batting average, on-base percentage, and slugging percentage fall short in accuracy and scope, wOBA measures and captures offensive value more accurately and comprehensively. (Due to no constant in minor league baseball, the wOBA statistic is approximate).     |  |  |  |  |  |  |  |  |  |
| <b>wRC+: Weighted Runs Created Plus</b><br>Weighted Runs Created Plus measures the total number of runs a player contributes to their team. The formula accounts for a player's ability to get on base, their total number of bases, and their baserunning. The Plus version of the stat is park and league adjusted.                                                                                                                                                       |  |  |  |  |  |  |  |  |  |
| <i>*Courtesy of Fangraphs.com</i>                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |  |  |  |  |  |  |  |  |
