

Sacramento River Cats (2-1) at Las Vegas Aviators (2-1)

RHP Carson Ragsdale (no record, ---) vs. LHP Jacob Lopez (no record, ---)

GAME 4 | AWAY GAME 1 | TUESDAY, APRIL 1, 2025 | 6:35 P.M. | LAS VEGAS BALLPARK | LAS VEGAS, NV

YESTERDAY'S GAME: The **Sacramento River Cats** nearly pulled off the sweep in their season-opening series against the Albuquerque Isotopes, but single tallies by the Isotopes in the third and fifth innings pushed them to a 2-1 win in the finale...**LHP Carson Whisenhunt** looked sharp despite taking a loss, striking out nine hitters without a walk over 4.2 innings...**OF Grant McCray** logged a trio of hits, all singles, while both **IF Brett Auerbach** and **IF Jake Lamb** produced a pair of doubles each...Driving in the only run of the game was Auerbach, doing so with a two-bagger in the first frame...**RHP Trevor McDonald** worked 4.0 innings out of the bullpen and struck out three with one hit allowed and two walks.

TODAY'S STARTER: **RHP Carson Ragsdale** heads to the hill for the first time in 2025, coming off a season in which he appeared in both Richmond (Double-A) and Sacramento, logging an overall record of 5-7 with a 4.18 (56 er, 120.2 ip) and 147 strikeouts...The 147 punchouts were the most of any Minor Leaguer in the San Francisco organization...While with the River Cats, the tall South Florida product was 2-4 and posted a 5.03 ERA (30 er, 53.2 ip), carving up a total of 57 hitters...Both of his wins came on the road where he pitches today, though he produced just a 5.40 ERA (19 er, 31.2 ip).

BOOM P.O.W.: **IF Brett Auerbach** claimed the first Pacific Coast League weekly honor for a River Cat this season as on Monday he was named the PCL Player of the Week...Over the course of the first series Auerbach was 5-for-11 (.455) with four extra base hits, two of which were homers over the first two games while the other two were a pair of doubles on Sunday... In addition to driving in a run in each of the three games (four RBI total), Auerbach generated a triple slash line of .500/1.182/1.682 while striking out only once...Last season the River Cats had four weekly honors, as both Tyler Fitzgerald (May 27, 2024) and Luis Matos (June 17, 2024), were PCL Players of the Week while both Mason Black (April 15, 2024) and Tommy Romero (June 10, 2024) were tabbed as a PCL Pitcher of the Week...This is Auerbach's first Triple-A weekly award, though he was once named the Eastern League Player of the Week while a member of the Richmond Flying Squirrels (Double-A) for the week of Aug. 7, 2022.

WE'RE SO (AUER)BACH: **IF Brett Auerbach** has displayed big power from a small frame early in the season, as both his knocks on Sunday went for two bases to give him four extra-base hits on the year...On Saturday night Auerbach provided the River Cats some insurance, smashing the longest Sacramento homer of the year at 418 feet with an exit velocity of 106.2 mph...He also became the first River Cat to homer in consecutive games in 2025, a feat that was accomplished a total of 19 times by 11 different River Cats (though none were Auerbach)...On Friday night he became the second straight Brett to homer in a season opener, as he followed in the steps of **IF Brett Wisely** who did so last year against the Salt Lake Bees...The similarities extend beyond the name, as both homers

were the first of their respective campaigns, and both were the winning run as the 2025 River Cats earned an 8-0 shutout while Wisely's 2024 blast came in walk-off fashion during the bottom of the ninth.

MESS WITH THE BULL(PEN): **Sacramento River Cats** relievers have still yet to allow a run in the first three games of the season, going a combined 14.1 innings without an opposing runner crossing the plate...On Saturday night, they allowed a single base runner (walk in the seventh inning), and held the Isotopes to only three runners in the 16 batters they faced on Sunday...Sacramento relievers lead the PCL thus far in ERA (0.00), home runs allowed (zero), and opposing batting average (.087) while sitting second in walks allowed (four).

FORGOT THE BROOM: The **Sacramento River Cats** nearly pulled off a sweep in their opening series, but the Isotopes were able to escape with a narrow one-run victory...Sacramento had the chance to do the same in their first series last year against Salt Lake, but were also defeated by a single run (3-2) in a game that was scheduled for seven innings but lasted until the ninth...Had Sacramento won, it would have been the second straight season in which the River Cats have swept a three-game series against the Isotopes, doing so last year from July 19-21, 2024 in the three games following the All-Star break...That was Sacramento's last series sweep in exactly five year since June 19-21, 2019 when they took three straight on the road at Tacoma.

VAMOS VILLAR: **IF David Villar** returns to the Sacramento River Cats after clearing through waivers and being outrighted to Sacramento...Villar enters the season either in or knocking on the door of numerous top-10 offensive career categories for the River Cats including: games played (265, 12th), at-bats (993, 14th), plate appearances (1,182, 10th), runs scored (191, 7th), home runs (60, 3rd), RBI (210, 6th), and total bases (507, 10th)...He sits just five home runs away from tying **OF Chris Carter** for Sacramento's all-time lead, while he is just three behind **OF Chris Shaw** for second place.

OFF TO SEE THE WHISENHUNT: **LHP Carson Whisenhunt** notched nine punchouts without a walk on Sunday, which was one off of his Triple-A career high of 10 that he did twice last season, the last of which came in his final outing of the season against Sugar Land on Sept. 22, 2024...Of his nine strikeouts, eight came from his changeup...It marked the seventh time since the start 2021 that a PCL pitcher has tallied eight or more strikeouts with a changeup, three of which belong to Cesar Valdez in the 2022 season...Gavin Stone also accomplished the feat twice (2022, 2023), as has Whisenhunt (also: 9/22/24 vs. SUG)...Additionally, his nine strikeouts without a walk were the most by a River Cat since today's starter and fellow Carson **RHP Carson Ragsdale** had 11 without a walk against the same Albuquerque squad on Aug. 10, 2024.

ADVANCED PITCHING STATS*

TBF: Total Batters Faced

Total Batters Faced measures the total number of plate appearances hitters have made against him.

HR/9: Home Run Rate

Home Rune Rate measures how many home runs a pitcher averages over nine innings. Of course, not many pitchers throw nine innings all at once anymore, but this is a way of standardizing the statistic so it's on an easy-to-understand scale like many other pitcher statistics which are scaled to 27 outs.

K% & BB%: Strikeout Rate and Walk Rate

Strikeout rate (K%) and walk rate (BB%) measure how often a pitcher walks or strikes out a player per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.

AVG: Batting Average
Batting average is the rate of hits per at bat, calculated as hits/at bats.

BABIP: Batting Average on Balls In Play
Batting Average on Balls In Play (BABIP) measures how often a ball in play goes for a hit. Typically around 30% of all balls in play fall for hits, but there are several variables that can affect BABIP rates for individual players, such as defense, luck, and talent level. Hitters have more control over their BABIP than pitchers do.

LOB%: Left On Base Percentage
Left on Base Percentage (LOB%) measures the percentage of base runners that a pitcher strands on base over the course of a season. This stat does not use the left on base numbers reported in box scores, but instead is calculated using a pitcher's actual hits, walks, and runs allowed results.

xFIP: Expected Fielding Independent Pitching
Fielding Independent Pitching measures what a player's ERA would look like over a given period of time if the pitcher were to have experienced league average results on balls in play and league average timing. xFIP Normalizes a pitcher's home runs allowed based on their fly ball rate rather than simply using the raw number of home runs allowed. (Due to no constant in Minor League Baseball, the xFIP statistic is aproximate)
