

# BASEBALL & WEATHER

## RAIN, RAIN, GO AWAY

**DIRECTIONS:** The Snappers rely on more than talent. They need the help of Mother Nature to even take the field. Baseball cannot be played when there is thunder and lightning, or when the field is too wet. To keep the playing surface safe, the Snappers have a large tarp that covers the entire infield when it rains. Answer the True or False questions below, and then draw a picture of your weather forecast!

### TRUE OR FALSE

- T or F     The Snappers will play baseball if it is just raining lightly.
- T or F     The Snappers will continue playing if there is thunder and lightning.
- T or F     If the field is too wet, the game may be delayed to let the ground dry.
- T or F     The Snappers have a large tarp to cover the whole infield when it rains.
