WORKING PRESS CREDENTIALS: The Reno Aces Baseball Club will issue 2025 media credentials to legitimate news-gathering outlets and accredited members of the media. Credentials are non-transferable and must be visible at all times while covering games. The Reno Aces reserve the right to revoke and terminate a media credential at any time. Season media credentials will be issued only to those outlets that cover the Aces on a daily basis. Daily credentials are available for members of the media who do not qualify for season credentials. Requests for daily credentials must be received at least 24 hours in advance of game date. Requests must be submitted to the Reno Aces Media Relations Department via phone or e-mail. Only credentials issued by the Reno Aces, Minor League Baseball or Arizona Diamondbacks will be recognized.

STILL PHOTO GUIDELINES: Properly credentialed still photographers are welcome to work from the camera wells located adjacent to the dugouts on field level, the wells on the concourse level outside first and third base, or from the press box. Once the game begins, photographers are prohibited from entering the dugout or playing field at any time. Still photographers are not permitted in the clubhouse at any time, without prior permission from Aces Media Relations. Media outlets may request the use of Reno Aces photographs for editorial, non-commercial use only. Please contact the Aces Media Relations Department to make a request.

TELEVISION GUIDELINES: Television stations are permitted to work from the camera wells located adjacent to the dugouts on field level, the wells on the concourse level outside first and third base, or in the camera well behind home plate. Camera lights are strictly prohibited while the game is in progress. Failure to comply will result in the revocation of the media member's credential. Roving cameras are prohibited at all times, unless permission is expressly granted by the Reno Aces Media Relations Department. Fan interviews done with a roving camera are permitted in the plaza outside of the entrance to the ballpark. Videographers are permitted in the Aces clubhouse following the game only, as escorted by Aces Media Relations staff.

AUTOGRAPH POLICY: Under no circumstances are credentialed members of the media permitted to seek autographs or equipment from the playing field, dugout or clubhouse. Violation of the policy will result in immediate confiscation of the media member's credential for the 2021 season.

WORKING PRESS BOX: The press box is for working members of the media only. Guests will not be granted access at any time. Daily game notes and statistics will be available in the press box at least two hours before game time. Box scores will be made available immediately following the game. Fax machine and copier are available upon request from the Aces Media Relations Department. A pregame meal will be provided in the press box for working members of the media only.

CLUBHOUSE ACCESS: Home and visiting clubhouses will be open to credentialed media members 3 hours before scheduled first pitch until 45 minutes before scheduled first pitch. Gaining access to the clubhouse before the game must be requested to Aces Media Relations. Clubhouses will open after a 10-minute cooling off period following the game for credentialed media. Clubhouses will be closed between games of a doubleheader and during rain delays. Clubhouse access will not be granted when players are on the field during pregame, unless otherwise noted by Aces Media Relations staff. Members of the media are prohibited from entering the training room, players lounge or equipment area at any time.

FIELD ACCESS: Properly credentialed media are permitted to access the field and dugout areas beginning three hours prior to the scheduled first pitch and ending at the conclusion of the visiting club's batting practice. Media is prohibited from crossing either foul line or going beyond the first or third base bags —specifically during batting practice.

INTERVIEW POLICIES: All interviews with uniformed players and coaches, and also all gameday employees at Greater Nevada Field, must be made through the Reno Aces Media Relations Department. Players and coaches are generally available to the media prior to on-field stretching and after batting practice. Interviews may not be conducted during batting practice without prior approval from Aces Media Relations staff. After the game, clubhouses will be open for interviews. Press conferences will be held at the discretion of Aces Media Relations.

BASEBALL VOCABULARY

Batting Average: Divide the number of hits by the number of at-bats.

Example: Batter A is 12-for-40. $12/40=.300$.

Consecutive-Game Hitting Streak: A consecutive-game hitting streak shall not be terminated if a player's plate appearances (one or more) result in a base on balls, hit by pitch, defensive interference or sacrifice bunt. The streak shall terminate if a player has a sacrifice fly or no hit. Consecutive-game hitting streaks do not carry over from season-to-season.

Consecutive-Game Playing Streak: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense or if he completes a time at bat by reaching base or being put out. A pinch-running experience only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

Day/Night Game: Any game scheduled to start after 5 p.m. will be considered a night game. If a game is scheduled to start at or before 5 p.m. and is delayed by rain or for any other reason, it shall be considered a day game. However, both games of a two-night doubleheader shall be considered night games. When afternoon and night games are played on the same day and separate admissions are charged, they will be counted as one day and one night game and will not be considered a doubleheader.

Determining Games Back in Standings: Determine the games above .500 of team in first place, minus the games above .500 of the team you're trying to figure out. Example: If the team in first is 5 games above .500 and you are trying to figure out how many games back a team is that is one game above .500, then $5-1=4$, so the team is 4 games back. Or the number of fewer wins plus the number of extra losses than the leader in the standings, divided by 2.

Earned-Run Average: Multiply the number of earned runs by 9. Take the number and divide it by the number of innings pitched. Example: Pitcher A has allowed 12 earned runs in 45 innings. $12 \times 9 = 108 / 45 = 2.40$.

Fielding Average: Divide the total putouts and assists by the total putouts, assists and errors. Example: Fielder A has 10 putouts, 5 assists and 1 error. $15/16=0.938$

Hold Rule: The hold is not an official statistic, but it was created as a way to credit middle relief pitchers for a successful outing. If a reliever comes into a game to protect a lead, gets at least one out and leaves without giving up that lead, he is credited with a hold. You cannot get a save and a hold in the same game. **Magic Number:** Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

On-Base Percentage: Divide (hits + walks + HBP) by (at-bats + walks + HBP + sacrifice flies). For purposes of this percentage, ignore being awarded first base via interference or obstruction. Example: Batter A has 10 hits, 2 walks, 1 HBP, 50 at-bats and 2 sacrifice flies. $13/65=.200$.

OPS: Add the On-Base Percentage to Slugging Percentage. Example: Player A has an on-base percentage of .405 and slugging percentage of .550. $.405+.550=.955$.

Qualifications for a Batting Title: Highest batting average based on a minimum of 2.7 PA/league games, including official times at bat, bases on balls, hit by pitch, sacrifice hits, sacrifice flies and times awarded first base due to interference or obstruction.

Qualifications for a Pitching Title: Lowest earned run average with a minimum of 0.8 inning pitched/league games.

Quality Start: Defined as a start where a pitcher lasts six or more innings and gives up three or fewer earned runs.

Rule 5 Draft: A player not on the Major League 40-man roster is eligible for the Rule 5 Draft if:

1. The player was 18 or younger when he first signed a professional contract and this is the fifth Rule 5 Draft since he signed.
2. He was 19 or older when he first signed a professional contract and this is the fourth Rule 5 Draft since he signed.

Save Rule: Credit a pitcher with a save when he meets all three of the following conditions: (1) He is the finishing pitcher in a game won by his club; (2) He is not the winning pitcher; and (3) He qualifies under one of the following conditions: (a) He enters the game with a lead of no more than three runs and pitches for at least one inning; or (b) He enters the game, regardless of the count, with the potential tying run on either base, or at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces); or (c) He pitches effectively for at least three innings. No more than one save can be credited in each game.

Slugging Percentage: Divide the number of total bases by the number of at-bats. Example: Player A has 75 TB and 250 at-bats. $75/250=.300$

Winning Pitcher: The starting pitcher will be credited with the win only if the pitcher has pitched at least five complete innings and his team not only is in the lead when he is replaced, but remains in the lead the remainder of the game.

EXCEPTION: The "must-pitch-five-complete-innings" rule in respect to the starting pitcher shall be in effect for all games of six or more innings. In a five-inning game, credit the starting pitcher with a game won only if he has pitched at least four complete innings and his team not only is in

the lead when he is replaced, but remains in the lead for the remainder of the game. When the starting pitcher does not meet the preceding criteria and more than one relief pitcher is used, the victory shall be awarded on the following basis:

1. When, during the tenure of the starting pitcher, the winning team assumes the lead and maintains it to the finish of the game, credit the victory to the relief pitcher judged by the official scorer to have been the most effective.
2. Whenever the score is tied, the game becomes a new contest insofar as the winning and losing pitcher is concerned.
3. Once the opposing team assumes the lead, all pitchers who have pitched up to that point are excluded from being credited with the victory, except the current pitcher.

4. The winning relief pitcher shall be the one who is the pitcher of record when his team assumes the lead and maintains it to the finish of the game.

EXCEPTION: Do not credit a victory to a relief pitcher who is ineffective in a brief appearance, when a succeeding relief pitcher pitches effectively in helping his team maintain the lead. In such cases, credit the succeeding relief pitcher with the victory.
