

## It's About Time

The **play clock** has become a staple (and a very visible one) in football and can even add an element of drama to the game. With locations in both corners of each end zone, this sponsorship offers great visibility.

**Time & temperature** are always "in demand" and the board at Grande Communications Stadium is a stand-alone location on the grass berm behind the south end zone.

## Play Clock

### Locations

Corners of the Endzones: Total of **Four (4)** locations

### Dimensions (each)

1½' High x 4' Wide

### Investment

1-Year Contract	\$8,000
