

# COVID-19 READINESS PLAN

PRESENTED BY:

**St Luke's**  
UNIVERSITY HEALTH NETWORK

On behalf of the Lehigh Valley IronPigs, the Triple-A Affiliate of the Philadelphia Phillies, the practices below represent practical best efforts to proactively invest and keep our community safe when attending functions, events, and games at Coca-Cola Park. The steps below were modified on June 1 and apply to all future events at Coca-Cola Park.

The IronPigs will continue to follow the guidance of national, state and local agencies, as well as the directives of its member leagues, to develop and update these policies as needed.

## MASKS

Consistent with the Department of Health's guidelines, the IronPigs no longer require vaccinated guests to wear masks while attending Coca-Cola Park. However, we ask and encourage fans who are not fully vaccinated to continue to wear masks at least until June 28th. No proof of vaccination will be required and we will rely on our fans to make the right choice for their own safety and for the safety of others around them. Further, we welcome all fans and respect their choice to wear a mask or not, regardless if they've received the vaccination.

## BAG POLICY

Fans are encouraged to leave all bags at home, but the following items only will be allowed into Coca-Cola Park:

- clear bags
- medical bags
- diaper bags

All other bags are subject to search upon entering Coca-Cola Park.

## HAND SANITIZER

For your convenience and safety, numerous wall-mounted and free-standing hand sanitizing stations are available and restocked appropriately throughout the ballpark. All areas accessed by fans will be cleaned and disinfected at regular intervals using processes and products approved by the CDC & EPA.

## CASHLESS

For the safety of our fans and employees, the IronPigs are operating Coca-Cola Park as a cashless facility, including in the areas of food/beverage, ticketing, merchandise and parking.

Food orders within the PNC Club may be done via mobile ordering with food delivered to the guest's PNC Club seats.

All tickets for the 2021 season will be via digital, mobile platforms.

## RESTROOMS

Doors will continue to be propped open to encourage touchless entry/exit. All restrooms will be sanitized frequently with disinfectant. Coca-Cola Park has been equipped with touch-free urinals and automatic flushers. In an effort to keep common touch points touch-free, motion soap dispensers and touchless paper towel dispensers have been made available throughout the park.

## PROMOTIONS/ON-FIELD ACTIVITIES/AUTOGRAPHS

MLB is currently not allowing any fan or employee to participate in any on-field/promotions within the infield area during the game. Contests will take place in other locations other than the field. MLB does not currently permit players to sign autographs or greet fans. Players are not permitted to throw baseballs or other items into seating areas.

## COMMUNICATION

Each ticketed patron will receive an email the day of the event which will outline all up-to-date safety procedures. Procedures will include, but not be limited to bag policy, mobile ticketing, contactless areas and concession policies.

## KIDS ZONE

The Lehigh Valley Reilly Children's Hospital Kids Zone is now OPEN.
