LAST GAME: The Space Cowboys were defeated 3-2 on Friday night as Houston Astros second baseman began an MLB Rehab Assignment. Alex De Goti provided a solo home run in the fifth, which was his first longball of the year. Korey Lee added an RBI double in the sixth.

HIP, HIP: Jose Altuve is set to continue his MLB Rehab assignment on Saturday in Oklahoma City. His first appearance of the assignment came on Friday, starting at second base. He went 2-for-4, singling on each of the first two pitches he saw in the game. Altuve has been on the 10-Day Injured List since April 19 with a left hamstring strain. Altuve, who won the 2017 American League MVP, is a seven-time All-Star, four-time Silver Slugger, three-time AL Batting Champion, Gold Glove and 2019 ALCS MVP through an 11-season Major League career with the Astros.

'LEE'D THE PACK: Korey Lee's solo home run on Friday night traveled 441 feet, per TrackMan, making it the longest Space Cowboys home run this season. Lee's three home runs trail just JJ Matijevic (4) for the team lead.

VOTE FOR PEDRO: Pedro León went 3-for-4 with a double, RBI and two stolen bases on Friday. He's tied for third in the Pacific Coast League with seven stolen bases and leads the Space Cowboys with 13 RBI. He's also tied for second in the PCL with seven doubles. León had a six-game hitting streak snapped Friday. It was the longest from a Space Cowboys player this season, and he hit .391 (9x23) with four doubles, a home run and five RBI throughout the streak.

MARTINEZ ON THE MOVE: The Houston Astros on Tuesday recalled RHP Seth Martinez from the Space Cowboys. Martinez had recorded a 5.40 ERA (4 ER/6.2 IP) through six appearances with the Space Cowboys this season. Martinez, who the Astros selected in the Minor League Phase of the 2020 Rule 5 Draft, made his Major League debut with the Astros in 2021, appearing in three games following a September call-up.

ON THE HUNT: Hunter Brown has struck out at least seven batters in each of his last three outings and has a total of 22 strikeouts over that stretch (14.1 IP). He is second in the Pacific Coast League with 26 strikeouts and is fifth in the league with a 3.00 ERA. He's also tied for seventh in the PCL with a .224 opponent's batting average. Brown's 13.00 strikeouts-per-nine-innings leads all qualified PCL pitchers.

SOME PEOPLE CALL THEM: Opening Day on April 5 was the first-ever game for the Astros' Triple A affiliate under the Sugar Land Space Cowboys brand. The Astros re-branded their Triple A affiliate on Jan. 29, following the purchase of the Sugar Land franchise in 2021. Sugar Land had played under the "Skeeters" brand for the first 10 years of its existence. They spent 2012-20 as members of the independent Atlantic League and rose to the Triple A level for the 2021 season.

FRANKIE FLAMES: Over his last eight games, Franklin Barreto has hit .308 (8x26) with three doubles, a home run and seven RBI.

HOLY HENSLEY: David Hensley has reached base safely in 20 consecutive games, which is tied for the longest streak in the Pacific Coast League. Hensley leads the league with 17 walks and is fourth in the league with a .419 on-base percentage.

KING JAMES: Josh James recorded his third save of the season on Saturday at Tacoma and is tied for first in the Pacific Coast League. James has collected 11 strikeouts through his first 7 1/3 innings of the season.

PUNCHIES: The Space Cowboys pitching staff is tied for fourth in Minor League Baseball and leads all Triple A teams with 233 strikeouts.

FAMILIAR FACE: Sugar Land and Oklahoma City met 24 times in 2021, splitting the season series at 12-12. This will be the first-ever series between the 'Space Cowboys' and Oklahoma City Dodgers.

DOUBLE THE DE GOTI: Alex De Goti is tied for second in the Pacific Coast League with seven doubles. De Goti is also tied for fifth with 13 walks and tied for sixth with 10 extra-base hit.

RIP IT AND FLIP IT: Prior to their game on April 20, the Astros selected the contract of IF JJ Matijevic from the Space Cowboys. It marks the first career promotion to the Major Leagues for Matijevic, who led the Space Cowboys in home runs (4), RBI (10) and OPS (1.134). Matijevic was tied for fourth in home runs and was sixth in OPS on the Pacific Coast league leaderboard at the time of his promotion. Matijevic is the second Space Cowboys player to have his contract selected by the Astros this season, joining LHP Parker Mushinski. The Astros selected Matijevic in the second round of the 2017 MLB Draft from Arizona.

NOW HERE'S A STOREY: Mickey Storey returns for his third season as the manager of the Astros' Triple A affiliate and his second with Sugar Land. Storey joined the Astros organization as a coach in 2016 and has managed with Single A Quad Cities (2018) and Triple A Round Rock (2019), along with two seasons in Sugar Land. Storey appeared in nine seasons at the professional level as a right-handed pitcher, including stints at the Major League level with the Astros (2012) and Blue Jay (2013). He appeared in four collegiate seasons at Florida Atlantic and was selected by the Oakland Athletics in the 31st round of the 2008 MLB Draft.

TO INFINITY AND BEYOND: Key elements of the Space Cowboys brand include the Mission Patch, Horizon Gradient and Primary Space Cowboys Logo.

- **Primary Logo:** The primary logo features the Space Cowboy donning a traditional cowboy hat, a bandana and a blast shield over his face that is peppered with space dust and has a starburst at the eye.
- **Horizon Gradient:** Inspired by a shot of the horizon of the earth from space, the color palette and gradient feature light blue, navy, orange, gray and black notes that are prominent in the franchise’s logo and uniforms. The colors represent the ever-expanding Sugar Land community and an exciting new chapter on the horizon
- **Mission Patch:** This patch will be featured on all three uniforms and serves as an alternate logo. It intertwines elements from the Texas state flag, with a rocket superimposed over the front ready to launch.

READY TO RIDE: The Space Cowboys brand pays respect to elements that are key to the identity of Greater Houston. The NASA Johnson Space Center is located in Houston and the Cowboys element is a nod to the rugged, Western roots that are embedded in Houston as Texas’ largest city.

WRECK 'EM : The Astros on April 16 selected the contract of left-hander Parker Mushinski from the Space Cowboys, while placing right-hander Ryan Pressly on the 10-Day IL. Mushinski was the first Space Cowboys player to receive a promotion to the Astros this season. Mushinski made his MLB debut on April 18 at SEA, striking out one in a scoreless inning of relief.
