

Sacramento River Cats (11-10) at El Paso Chihuahuas (9-12)

RHP Carson Seymour (0-1, 1.00) vs. RHP Jared Kollar (0-2, 9.82)

GAME 22 | AWAY GAME 13 | TUESDAY, APRIL 22, 2025 | 5:35 P.M. (PT) | SOUTHWEST UNIVERSITY PARK | EL PASO, TX

LAST TIME OUT: Though the **Sacramento River Cats** managed a pair of runs in the eighth inning to avoid a shutout, it was not enough to match the five runs scored by Salt Lake as the Bees split the series with a 5-2 victory...**OF Victor Bericoto** made his Triple-A debut and went 2-for-4 with an RBI...Three others logged a hit including **IF Brett Wisely**, who was 1-for-3 and scored a run, as well as **IF Osleivis Basabe**, who also went 1-for-3...**RHP Trevor McDonald** allowed three runs on seven hits with two walks and only four strikeouts in a losing decision...**RHP Sean Hjelle** and **RHP Ryan Watson** tossed scoreless appearances, with Hjelle working 1.2 frames and striking out one.

TODAY'S STARTER: **RHP Carson Seymour** returns to the bump for Sacramento coming off his first loss, an outing in which he pitched beautifully despite ending on the wrong side of the decision...In that game the right-hander struck out five, his third time doing so this season...He allowed a season-low one hit, though that run came around to score...Seymour has allowed one run or less in all four starts, including a 9.0 inning scoreless stretch to start the year...Seymour has dominated opposing right-handers, holding them to a .030 (1-for-33) average with one walk and 13 strikeouts...For his Triple-A career, Seymour has logged a 4.43 ERA (95 er, 193.0 ip) when pitching on the road away from Sutter Health Park.

FOLLOW THE LEADER: There are a handful of **Sacramento River Cats** that find themselves amongst the league leaders in the Pacific Coast League...Offensively, **OF Marco Luciano's** 13 walks are tied for ninth in the PCL...**OF Grant McCray** has swiped five bases, tied for 10th-most in the league...From the mound, **RHP Carson Seymour** finds himself in multiple top-10 categories as he leads the PCL and is fourth in all Triple-A with a 1.00 ERA...Additionally, his 22 strikeouts are tied for eighth in the PCL, his opposing batting average of .159 leads the PCL and is sixth in Triple-A, and his 0.83 WHIP leads the PCL and is fourth in Triple-A...**LHP Carson Whisenhunt** now ranks fourth in the PCL in ERA at 2.70...Whisenhunt's 23 strikeouts are tied with **LHP Kyle Harrison** for fourth in the PCL...Whisehunt also cracks the PCL top-10 in opposing average at .230, and is third in the PCL for WHIP at 0.95...**RHP Justin Garza** is tied for second in the PCL in saves with three.

MOWING 'EM DOWN: The **Sacramento River Cats** have had their strikeout stuff working this season, as they have punched out double-digit batters in 13 of 21 games this season (61.9 percent), a feat they accomplished a total of 50 times in 150 games during 2024 (33.3 percent)...Sacramento carved up 15 batters again Saturday night, putting the cap on a span in which they punched out 13+ batters in four consecutive games (62 total) for the first time since they did so in four straight games from June 13-16, 2023 at Sugar Land (56 total)... Since 2005, Sacramento has never had a stretch of five straight games in which they have struck out 13 or more batters...Twice in this stretch they struck out a season-high 17 batters, their most strikeouts in a game since they had 18 at home against Tacoma on May 4, 2024...It was the first time Sacramento punched out 17 batters in consecutive games since they did so in the 2024 campaign in a pair of games at home against Oklahoma City on May 23-24, 2024...When combined with Saturday's performance of 15 strikeouts, it marked the first time in franchise history since at least 2005 that the River Cats have struck out 15+ batters in three consecutive games.

DAYMAN: The **Sacramento River Cats** have yet to win a game played during the day, as they are 0-4 when the sun is out...Sacramento was 19-17 in 2024 when they played in games during the day.

SUNDAY BLUES: The **Sacramento River Cats** are winless thus far in 2025 in games played on a Sunday, as they are 0-4 with an equal 0-2 mark on the road and at home...In 2024 the River Cats were an equal 13-13 in games played on Sunday, including an 8-5 mark at home.

TROPHY CASE: **LHP Carson Whisenhunt** is the latest to take home weekly hardware from the Pacific Coast League, as he was named the PCL Pitcher of the Week on Monday, April 21 for his Saturday night performance...He is the second River Cat to be the PCL Pitcher of the Week as **RHP Carson Seymour** earned the honor on April 7...This is the third overall weekly award for a River Cat as **IF Brett Auerbach** was picked as the PCL Player of the Week on March 31 for his performance during opening weekend...Sacramento is just one shy of the four weekly honors they earned in 2024 when **RHP Mason Black** (4/15/24) and **RHP Tommy Romero** (6/10/24) were PCL Pitchers of the Week while **IF Tyler Fitzgerald** (5/27/24) and **OF Luis Matos** (6/17/24) were PCL Players of the Week.

SWEET VICTOR-Y: **OF Victor Bericoto** made his Triple-A debut on Sunday, finishing the day 2-for-4 with his first hit (single in the fourth) and first RBI (single in the eighth)...Bericoto had been transferred once earlier this season on March 30, but was returned to Minor League Camp on April 1...At the time of his promotion to Triple-A, Bericoto ranked tied for second in the Eastern League in hits (15), tied for third in extra-base hits (seven), tied for third in total bases (28), fourth in OPS (1.035), tied for fourth in home runs (three), tied for fourth in slugging percentage (.596), tied for fourth in walks (10), sixth in batting average (.319), and eighth in on-base percentage (.439)...The Venezuela native homered twice at Harrisburg on April 13, the first two-homer game of his Double-A career and second of his professional career...In a five-game stretch from April 13-18, he batted .526 (10-for-19) with three homers, three doubles, three walks and seven RBI.

MARCO! (POLO!): **OF Marco Luciano** has been surging in his last nine games, a stretch that started with a three-hit performance on April 10 at Tacoma...In that time the Dominican Republic native is hitting .351 (13-for-37) with nine runs scored, three doubles, two homers, eight RBI and seven walks...His on-base percentage in that span is .455, ranking 15th in the PCL in that time of those with five or more games played (**IF David Villar** ranks 10th in that time).

TIRO RÁPIDO: **RHP Joel Peguero** has shown off his flamethrower for an arm this season, as evidenced by his two-seam fastball that has an average velocity of 100.9 mph...That is the fastest average velocity of any Minor League pitcher, just ahead of the 100.0 mph sinker of Daniel Palencia (Iowa)...When combining his arsenal, Peguero has an average velocity of 96.4 mph, which is the sixth-fastest in all Triple-A.

LES WHIZ: **LHP Carson Whisenhunt** matched his season-high in strikeouts Saturday night with nine, the second time this season he has done so...That is one short of his Triple-A career high of 10, which he did twice in 2024 (last: Sept. 22, 2024 vs. SUG)...Of his nine punchouts, five came on his 70+ grade changeup which is rated the best in the Minor Leagues by MLB Pipeline...He has now struck out a total of 16 batters this season with el cambio, which is tied for the fifth-most strikeouts of any single pitch by a pitcher in Triple-A...Joining him on the list is **LHP Kyle Harrison**, who has also punched out 16 batters with his four-seam fastball...Additionally, after his six inning scoreless performance, Whisenhunt is the only River Cat this season to toss a quality start, and he now has two under his belt after also doing so on April 5 at Las Vegas.

THIS DAY IN BASEBALL HISTORY	
April 22, 2008	
John Smoltz becomes the 16th Major League pitcher to strike out 3,000 batters. The 40-year-old Braves hurler gets Felipe Lopez swinging on a 2-2 offering in the 3rd for his 3,000th punchout. He is the sixth-quickest to the mark in terms of innings pitched (3,386). Smoltz fans 10 in seven innings to earn the victory.	

NUMBER OF THE DAY	
4	
The Sacramento River Cats turned four double plays on Sunday, their first double plays turned at home this season... They have not turned four double plays in a game since they did so against the same Salt Lake squad last season on July 9, 2024...The franchise record for double plays turned in a game is six, which they've done twice (last: 6/22/17).

ADVANCED PITCHING STATS*	
TBF: Total Batters Faced Total Batters Faced measures the total number of plate appearances hitters have made against him.	
HR/9: Home Run Rate Home Rune Rate measures how many home runs a pitcher averages over nine innings. Of course, not many pitchers throw nine innings all at once anymore, but this is a way of standardizing the statistic so it's on an easy-to-understand scale like many other pitcher statistics which are scaled to 27 outs.	
K% & BB%: Strikeout Rate and Walk Rate Strikeout rate (K%) and walk rate (BB%) measure how often a pitcher walks or strikes out a player per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.	
AVG: Batting Average Batting average is the rate of hits per at bat, calculated as hits/at bats.	
BABIP: Batting Average on Balls In Play Batting Average on Balls In Play (BABIP) measures how often a ball in play goes for a hit. Typically around 30% of all balls in play fall for hits, but there are several variables that can affect BABIP rates for individual players, such as defense, luck, and talent level. Hitters have more control over their BABIP than pitchers do.	
LOB%: Left On Base Percentage Left on Base Percentage (LOB%) measures the percentage of base runners that a pitcher strands on base over the course of a season. This stat does not use the left on base numbers reported in box scores, but instead is calculated using a pitcher's actual hits, walks, and runs allowed results.	
xFIP: Expected Fielding Independent Pitching Fielding Independent Pitching measures what a player's ERA would look like over a given period of time if the pitcher were to have experienced league average results on balls in play and league average timing. xFIP Normalizes a pitcher's home runs allowed based on their fly ball rate rather than simply using the raw number of home runs allowed. (Due to no constant in Minor League Baseball, the xFIP statistic is aproximate)

*Advanced Hitting Stats Glossary									
PA: Plate Appearances Plate Appearances are the total number of times a hitter completes a turn batting.									
K% & BB%: Strikeout Rate and Walk Rate Strikeout rate (K%) and walk rate (BB%) measure how often a position player walks or strikes out per plate appearance. They're measured in percentage form, so it's easy to compare between players and years.									
ISO: Isolated Power Isolated Power (ISO) is a measure of a hitter's raw power. Or, to look at it another way, it measures how good a player is at hitting for extra bases. The simplest way to calculate ISO is to subtract a player's Batting Average from their Slugging Percentage, which leaves us with a measure of just a player's extra bases per at bat.									
BABIP: Batting Average on Balls In Play Batting Average on Balls In Play (BABIP) measures how many of a batter's balls in play go for hits. Affected greatly by defense and luck, BABIP can dramatically affect a hitter's batting average. If a large number of a batter's balls in play go for hits, that can boost their batting average quite high. Similarly, if a large number of balls in play get caught, it can reduce a player's total offensive value.									
wOBA: Weighted On-Base Average Weighted On-Base Average combines all the different aspects of hitting into one metric, weighting each of them in proportion to their actual run value. While batting average, on-base percentage, and slugging percentage fall short in accuracy and scope, wOBA measures and captures offensive value more accurately and comprehensively. (Due to no constant in minor league baseball, the wOBA statistic is approximate).									
wRC+: Weighted Runs Created Plus Weighted Runs Created Plus measures the total number of runs a player contributes to their team. The formula accounts for a player's ability to get on base, their total number of bases, and their baserunning. The Plus version of the stat is park and league adjusted.
