54 HR & 135 RBI IN 2023

Producing future big league players is the primary goal of Minor League Baseball clubs, including the RockHounds.

Our Player Development Facility ... with indoor batting cages, weight room and training area ... is located along the first base / right field concourse.

The front of the facility features a mural celebrating some of our most notable alumni who have reached the Major Leagues.

The artwork is designed to "catch the eye" of fans (in a high traffic area of the ballpark) with the sponsor logo in the center of the mural.

The sponsorship space on the sign is:

- **3½ feet high x 12 feet wide** (approximate size)
