There will be 19 seconds between pitches with runners on base and 14 seconds with the bases empty in Triple-A (20 second/15 seconds in MLB). The batter must be in the batter's box and alert to the pitcher with eight or more seconds remaining on the timer.

Shift Restrictions: This season, teams are required to have a minimum of four infielders within the outer boundary of the infield with two infielders entirely on each side of second base.

Bigger Bases: Eighteen-inch bases will continue to be used in Triple-A. According to MLB, injury events near bases declined 13% in the Minors in 2022.

-Prior to working with Dr. Tom House, Courtney's fastball sat in the high-80s, topping out around 90 MPH. The right-hander now regularly sits in the mid-to-low-90s, regularly topping out at 95, 96 MPH, as he learned to utilize his trunk and core strength better and quickened his arm speed. He complements the pitch with a 12-6 curveball and a changeup and has been tinkering with a slider and cutter.
-Portrayed the young Nolan Ryan as part of the filming of the documentary "Facing Ryan" about the life of the legendary starting pitcher.
-Took a week prior to filming to learn Ryan's distinctive windup and high leg kick...after filming wrapped, Courtney decided to incorporate the mechanics into his own delivery.
-Also credits his habit of working quickly on the mound to playing Nolan Ryan, who also was famous for pitching quickly in his outings.
