TV: Dayton's CW (26) • Radio: Fox Sports 980 WONE

Lake County Captains (1-1, 36-32) at Dayton Dragons (1-1, 40-28)

RH Tommy Mace (0-2, 5.40) vs. RH Justin Dunn (no record)

Today's Game: The Dayton Dragons (affiliate of the Cincinnati Reds) host the Lake County Captains (affiliate of the Cleveland Guardians) at Day Air Ballpark in the heart of the Water Street District. Today's game is the last in a seven-game series and the third game of the second half in the Midwest League's split-season format.

Season Series vs. Lake County: Dayton 9, Lake County 8. **Current Series:** Lake County 4, Dayton 2. The Dragons in the current series are batting .191, averaging 2.3 runs per game, with six home runs, a 7.59 team ERA, and five errors.

Previous Series at Cedar Rapids: Cedar Rapids 4, Dayton 2. The Dragons batted .259 while averaging 4.3 runs per game with nine home runs, a team ERA of 5.22, and five errors in six games.

Historically Speaking: The Dragons first half winning percentage of .591 (record of 39-27) was the second best in franchise history, trailing the 2007 Dragons, who finished 44-26. The 2022 first half record was the fourth best in any half in Dragons history (2011 second half: 48-22; 2001 second half: 41-28).

Dragons in the Standings: Dayton finished the first half in second place, one game behind Great Lakes. They have opened the second half by splitting their first two games, tied for second place, one game out of first.

What Happened? Entering a doubleheader on June 9, the Dragons were 36-15 (best record in franchise history after 51 games) and held a lead of eight and one-half games over second place Great Lakes with 15 to play. At the time, Dayton had not lost more than two consecutive games all season. How did they lose that lead?

The Dragons went 3-11 over the next 14 games while Great Lakes went 12-1 over the same period, a difference of nine and one-half games as the Loons clinched the division title...From June 9 through the end of the first half (15 games), the Dragons averaged 3.3 runs per game (last in the league)...Dragons hitters struck out 178 times in those 15 games starting June 9 (most in Minor League Baseball by 15; most in the MWL by 42)...In their 12 losses from June 9 through the end of the half, the Dragons batted .118 with men in scoring position (13 for 110)...Meanwhile, the Dragons team ERA from June 9 through the end of the half was 5.34 (next to last in the league).

What's Next: The 66-game second half is underway. The Dragons could qualify for the playoffs in one of two ways: 1) By winning the second half East Division title; 2) By finishing with the next best **full-season record** in the East Division (behind Great Lakes) should Great Lakes win the second half division title. If the same team wins both halves, the team with the next best **full-season record** qualifies as the second half representative.

Last Game: Saturday: Lake County 17, Dayton 2. Joe Naranjo hit two home runs including a grand slam. The Dragons allowed season highs in runs, home runs (5), and walks (12) while collecting just three hits. Allan Cerda hit a two-run home run for Dayton.

Team Notes

- Dayton is tied for first in the MWL in home runs with 80. However, the Dragons lead the league in strikeouts (their total of 794 is second most in Minor League Baseball).
- The Dragons reached a 2022 high point (so far) of 21 games over .500 (36-15 on June 7). The last time they were 21 games over .500 came at the end of the 2011 season, when they were 26 games over at 83-57.
- The Dragons roster includes 11 players selected in the first five rounds of the draft and 10 of the Reds top 27 prospects (MLB.com).

Player Notes

- Elly De La Cruz** (seventh youngest position player in the league with at least 100 AB) over his last 27 games is batting .314 with seven home runs and 20 RBI. De La Cruz is among the top five in the MWL in home runs, RBI, hits, runs, slugging percentage, extra base hits, and OPS.
- Nick Quintana** over his last 26 games is batting .307 with 2 HR and 19 RBI.
- Joe Boyle** has an earned run average of 0.72 and opponent's batting average of .089 on the year. Both figures would lead all Minor League Baseball, but he is four innings short of the minimum number to qualify.
- Connor Phillips** is second in the MWL in strikeouts with 90 and tied for first in opponent batting average (.181). Since April 28, Phillips has made nine starts, posting a 2.34 ERA (50 IP, 13 ER, 20 BB, 69 SO).

Rules Changes for 2022

The Midwest League has adopted a Pitch Clock to encourage a quicker pace of play. Pitchers are required to deliver each pitch within 14 seconds of receiving the ball when the bases are empty, and within 18 seconds with runners on base. Defensive positioning rules now require at least two infielders on each side of second base, with at least four infielders positioned on the infield dirt. Pitchers are now limited in the number of unsuccessful pick-off throws they can make to a base. The third pick-off throw must result in an out, or the runner will be awarded the next base via a balk. Additionally, the size of each base has been increased from 15" to 18".
