

The RockHounds were among the first teams in Minor League Baseball to introduce “grass berm seating” at the ballpark ... now, its a staple at almost every stadium.

With a unique view of the game and it’s “open spaces,” the berm provides a very cool way to watch a game ... and it’s terrific for families!

Momentum Bank Ballpark features two berm seating areas:

Left Field: The berm behind the high wall in left and left-center.

In the photo, above, the Right Field berm seating area stretches from the “batter’s eye” and green trees on the left ... past the (yellow) foul pole on the right.

Sponsorship includes signage in your respective berm area

- **Sponsor sign is 3 feet x 3 feet** (Pictured, right, as ValvMax)

Berm Seating Sponsorship

\$7,000 per season
