

JETER'S LEADERS Internship Initiative

Since 2010, the Turn 2 Foundation has placed Jeter's Leaders and Jeter's Leaders Alumni in more than 190 internships that help them develop professionally while gaining paid working experience in various industries. Movado Group Inc. has committed \$50,000 annually to support the Jeter's Leaders Internship Initiative.

“What they had to say...”

Nelson was great. He was always happy and willing to get a task done. He always had a great attitude.

Clare Barkeley, Supervisor at The Players' Tribune on her experience with intern Nelson Ocana, New York Jeter's Leaders, Class of 2013

Natalie presented herself in a very professional manner. She was always neat and tidy in her appearance and conducted herself well. Natalie is a very kind and conscientious person. She asked good questions and was flexible in her experience.

Tresa Kruis, Supervisor at Bronson Methodist Hospital on her experience with intern Natalie Townsend, Kalamazoo Jeter's Leaders, Class of 2019

Working at Excel Sports Management was an amazing experience. I have always had an interest in sports and business, and this internship helped me realize that this is something I want to potentially pursue in college. I enjoyed the hands-on learning experience, and constantly doing different things.

Ben Van Zoest, Kalamazoo Jeter's Leaders, Class of 2017 (Excel Sports Management)

While interning at Kramer Levin, I developed communication skills and also ensured that all my work was very detailed. I enjoyed challenging research assignments because they required a lot of work and attention as well as communication with the person for whom the project was assigned. I enjoyed meeting many people who inspired and influenced me to be successful in the future.

Michael Boccadifuoco, New York Jeter's Leaders, Class of 2017 (Kramer Levin Naftalis & Frankel LLP)

I had a great experience working at Mount Sinai. Everyone was so welcoming and available any time I had a question. I had the opportunity to shadow Dr. Ferrara and her partners in various procedures. Dr. Ferrara was always readily available to assist me in planning my own goals, providing suggestions and feedback on opportunities I should partake in so that I can be prepared to take the MCAT and go through medical school.

Mariah Perdomo, New York Jeter's Leaders, Class of 2016 (Dr. Lauren Ferrara, MD)

Cindy hit the ground running and helped every member of this team during her time here. She really set the bar for me in terms of what I will expect from interns moving forward. Cindy learned how to step out of her shell and quickly became more comfortable meeting new people, even at executive levels. She also became more confident presenting in front of crowds and received many accolades for her teams end-of-term presentation.

Michael Pease, Supervisor at Turner Broadcasting System on his experience with intern Cindy Sanchez, New York Jeter's Leaders, Class of 2014

Throughout this amazing experience I learned the ins-and-outs of working at a sports media company. Having majored in communications and with a minor in journalism, this experience helped me to realize that pursuing a career in the sports field is the route I want to take.

Nelson Ocana, New York Jeter's Leaders, Class of 2013 (The Players' Tribune)
