- The Reds and **Mets** entered the regular season finale vying for the National League's final Wild Card spot...both teams finished the year with identical 83-79 records but Cin earned the trip to the Postseason by virtue of winning 4 of 6 vs **NYM** during the regular season.

- From that point on, the Reds went 13-8 while the **Mets** finished 7-14.
- The Redlegs climbed to within a half-game of that last spot on 8/22 before losing 10 of 13 to fall 6.0 games off the pace...they entered the 9/23 game vs **Pit** tied with **NYM**, marking the first time after the All-Star break that they held a Postseason position.
- Had been "the first team out" until they were leapfrogged in the Wild Card standings by both **SF** and **AZ** during a 3-11 run.
- The Reds and **Mets** finished the 1999 season with matching 96-66 records and tied for that year's final Wild Card spot...the **Mets** defeated the Reds, 5-0 at **Cinergy Field** in a 1-game playoff on 10/4 (game 163) to eliminate Cin from contention...had today's tiebreaker rules applied that year, the Reds would've earned the Postseason berth.
