Since 1978, USA Baseball has been the national governing body for amateur baseball. It represents the sport in the United States as a member of the U.S. Olympic Committee (USOC) and internationally as a member federation of the World Baseball Softball Confederation (WBSC). Nearly every major national amateur baseball organization in America is united as a USA Baseball national member organization. As a result, USA Baseball governs more than 15.6 million amateur players in ballparks and playgrounds across the country. As the commissioner's office for amateur baseball, USA Baseball is a resource center for its various membership groups, fans and players. USA Baseball is also responsible for promoting and developing the game of baseball on the grassroots level, both nationally and internationally.

NATIONAL TRAINING COMPLEX

NTC

Originally based in New Jersey, USA Baseball moved to Arizona in November 1997 where it spent five years before moving one more time to its current home in Cary, North Carolina, in March 2003. With its family friendly environment, already-rapid growth and proximity to such huge sports cities as Chapel Hill, Durham, Raleigh and Charlotte, the town of Cary was the perfect destination for the national governing body of Our Pastime's Future.

An agreement was reached with the town to create a complex and headquarters there and the USA Baseball National Training Complex opened its doors in June 2007. The first event held at the facility was the 2007 USA Baseball Tournament of Stars, which served as the primary identification event for the organization's 18U National Team from 2007 to 2018.

Located within the 221-acre Thomas Brooks Park, the National Training Complex includes four baseball fields – a stadium field and three training fields – all with dimensions of 330 feet down the lines and 400 feet in

centerfield. All fields are maintained at Major League Baseball (MLB) standards.

In recognition of more than 30 years of public service and countless accomplishments for the citizens of Cary, the Cary Town Council named the stadium field in honor of former Town Manager William B. Coleman, Jr., upon his retirement on October 17, 2008.

Coleman Field has a press box that includes two suites, an official scorer's room, a sound room and a press row. Spectator seating is for 1,754 people, including handicapped accessible seating, and additional grass seating for approximately 250 people. All fields have access to restroom facilities and a concession building.

The National Training Complex is also home to the flagship USA Baseball Team Store, which is open during all USA Baseball events at the complex.

Photo Caption: Orange Lutheran High School (Orange, Calif.) celebrates winning the 2018 USA Baseball National High School Invitational after defeating Green Hope High School (Cary, NC) in the finale. Orange Lutheran joined Mater Dei (Santa Ana, Calif.) as the only schools to win back-to-back NHSI titles.

2018 RECAP

After its inaugural championship run in 2017, Orange Lutheran High School (Orange, Calif.) returned to the seventh-annual National High School Invitational in 2018 with a goal of becoming just the second team ever (Mater Dei: 2012, 2013) to repeat as NHSI champions. The Lancers started the 2018 tournament strong, shutting out their opening round opponent, Florence (Florence, Ala.), 9-0. Orange Lutheran then faced tough tests from two Florida schools in George Jenkins (Lakeland, Fla.) in the quarterfinals and eventually Calvary Christian (Ft. Lauderdale, Fla.) in the semifinals. The Lancers won both games by one-run each to advance to the championship game for the second straight year.

With back-to-back NHSI championships on the line, Orange Lutheran faced hometown Green Hope (Cary, N.C.) High School, whose campus is under two miles from the USA Baseball National Training Complex. The game was a pitcher's duel from the outset, as the contest remained scoreless through three. The Lancers offense would take off in the final four innings, however, as they would score nine runs to win their second straight championship, 9-3.

Walton High School's (Marietta, Ga.) Cam Bloodworth was named the Most Outstanding Player of the tournament after his phenomenal play throughout the NHSI. Bloodworth batted .583 with six RBIs in his four games during the tournament. In addition to his work at the plate, he also punched out 13 batters in six innings of work in his lone appearance on the mound.

2019 PREVIEW

Orange Lutheran returns to Cary in 2019 hoping to complete the tournament's first-ever three-peat. The Lancers face a tough test in the road to a third straight championship as 15 teams, including 11 that were ranked in national preseason polls, join them at the 2019 NHSI.

The field also features 14 players that have competed on a USA Baseball

National Team, including eight that won a gold medal with the 18U National Team at the U-18 Pan-Am Championships in 2018.
