

Important SAFETY Notice re Easton Universal Baseball/Softball Mask 2.0 (Available as a stand-alone product or as part of the Easton Alpha Batting Helmet with Baseball/Softball Mask “combo” product).

Dear Easton Customer:

Easton is issuing this important consumer SAFETY Notice regarding the **Easton Universal Baseball/Softball Mask 2.0**. Easton offered the **Easton Universal Baseball/Softball Mask 2.0** as a stand-alone product (to be attached to an Easton helmet by the end user) and also offered the **Easton Universal Baseball/Softball Mask 2.0** pre-attached to the **Easton Alpha Batting Helmet with Baseball/Softball Mask** as a “combo” product.

- **Easton Universal Baseball/Softball Mask 2.0.** It is possible that an Easton Universal Baseball/Softball Mask 2.0 could be attached to an Easton batting helmet such that the mask will not be properly situated on the helmet which could allow a baseball to pass between the helmet and mask potentially injuring the wearer of this combined product.
- **Easton Alpha Batting Helmet with Baseball/Softball Mask.** It is possible that the Baseball/Softball Mask is not properly situated on certain Easton Alpha batting helmets which could allow a baseball to pass between the helmet and mask potentially injuring the wearer of this product.

The Model Numbers for the *Easton Universal Baseball/Softball Mask 2.0* and the *Easton Alpha Batting Helmet with Baseball/Softball Mask* that are subject to this notice are provided on pages 2 and 3, below.

Depending on usage and environment, most consumers will not experience any issues with their Easton Universal Baseball/Softball Mask 2.0 (regardless of whether it was attached by the consumer to an Easton batting helmet or whether the mask was purchased together with the Easton Alpha Batting Helmet as a “combo” product). Easton has not received any reports of any incidents or injuries from the use of these products. **However, to improve safety and performance, and out of an abundance of caution, Easton asks that you immediately STOP USING the Easton Universal Baseball/Softball Mask 2.0** (regardless of whether you attached it to an Easton batting helmet or whether you purchased it pre-attached to the Easton Alpha Batting Helmet as a “combo” product). Easton further asks that you **immediately remove your Easton Universal Baseball/Softball Mask 2.0** from the helmet to which it is attached **and return it to us.**

If you have an Easton Universal Baseball/Softball Mask 2.0 (regardless of whether you purchased it separately and attached it to an Easton batting helmet or whether you purchased it pre-attached to the Easton Alpha Batting Helmet as a “combo” product), **please contact Easton at 800-632-7866 or via email at service@rawlings.com.** Easton’s Customer Service team will provide instructions on how to return your product and provide an appropriate remedy.

Please see following pages for additional information

Easton Universal Baseball/Softball Mask 2.0

Please verify that you are returning the **Easton Universal Baseball/Softball Mask 2.0** and *NOT* the Universal Softball Mask 2.0, which does not need to be returned and is safe to use on Softball-specific helmets. You can differentiate between the two products by using the above image, and by inspecting the product code, which is printed inside the bottom bar of the mask (see below picture). The **Easton Universal Baseball/Softball Mask 2.0** uses these product codes **BS-UNI01OS**, **BS-UNI02OS**, **BS-UNI03OS** or **BS-UNI04OS**.

Easton Alpha Batting Helmet with Baseball/Softball Mask

The Model Number (SKC) for the applicable Alpha helmets are:

- Alpha Helmet L/XL BAP-10L or BAP-11L
- Alpha Helmet M/L BAP-10M or BAP-11M
- Alpha Helmet TB/S BAP-10S or BAP-11S

NOTE: These numbers are on a sticker located on the inside of the helmet. Please see below pictures. IF YOU HAVE ONE OF THESE PRODUCTS, PLEASE REMOVE THE MASK AND RETURN THE MASK TO EASTON.
